Horse Sale
Equine Science Program
May 4, 2013 - 1:30 p.m.
Freeman Arena | College Station, Texas
Introduction

Texas A&M Department of Animal Science’s horse program began in 1876, at the inception of Texas A&M University. The horse program has a long history of breeding and raising quality Quarter Horses. Faculty members at Texas A&M were instrumental in organizing and managing the American Quarter Horse Association in 1940. The first foal produced from non-surgical embryo transfer was produced at Texas A&M Animal Science Horse Center.

A full expansion of teaching, research, extension and public service programs in equine science began in the early 1960’s, and today the program involves 5 full-time faculty, 4 staff members, approximately 20 graduate students and more than 300 undergraduate students. The TAMU horse program places strong emphasis on equine science and technology, combined with the practical aspects of horsemanship, horse training, showing and judging. This gives a special quality to a program which focuses on the modern horse industry, but one that is built around the basic disciplines of animal science.

This sale features the product of years of selective breeding for athletic performance horses and features some of the most prominent and popular performance bloodlines in the industry today. Many of these horses have been trained and handled extensively by students in basic horse training and advanced stock horse training classes.

It is with great pleasure we have to offer these bloodlines to you today.

Texas A&M University Department of Animal Science faculty and staff: Dr. Martha Vogelsang, Dr. Dennis Sigler, Dr. Josie Coverdale, Dr. Clay Cavinder, Teri Antilley, Dave Golden, Krissy Schroeder, Jennifer Zoller.

Welcome to Aggieland. We hope you enjoy the sale and take a nice horse or two home with you.

1. LAW. The horses are offered for sale according to the laws of the State of Texas.

2. BIDDING DISPUTES. The highest bidder will be the buyer, and if dispute arises between two or more bidders, the horse in dispute shall immediately be put up again for advance bids. If there is no advance, the horse shall go to the person from whom the auctioneer recognized as the last bid. The auctioneer will decline any bid made by parties who have DEFAULTED in former purchases, or by persons who, in his judgment are not responsible bidders. Immediately after horse is sold, the buyer shall sign confirmation of purchase and security agreement forthwith. The right to bid is reserved by all sellers.

3. BUYER’S PAYMENT. Terms of sale are cash (U.S. funds only) to be paid on the day of the sale. Method of payment shall be Cash, Cashier’s Check, Traveler’s Checks or pre-approved Personalized Bank Check accompanied by a bank letter of credit. However, all registration papers will be retained by the Sale Management until such checks clear the paying institution. Any payment made by the Buyer to the Consignor or any other party will not be regarded as valid or entitle the Buyer to delivery or title of the horse. All horses must be paid for in this manner regardless of whether they sell in the auction sale ring or on the auction grounds.

4. GATE RELEASE. Upon payment by the Buyer to the Sale Cashier, and only the Sale Cashier, the Cashier will issue an order to Buyer which will release the horse from the auction grounds. Buyers are cautioned not to lose this release as it permits holder to pass through the exit gate of the auction grounds with the horse.
5. LIMITED WARRANTIES. All responsibilities and guarantees lie solely between Buyer and Consignor. Except as otherwise announced by the auctioneer at time of sale, the Consignor represents and warrants unto Buyer as follows: (1) the horse is free of functional deficiencies with respect to eyes and wind, (2) the horse is not a “cribber” or “wind sucker”, (3) the horse has not been nerved, (4) the sex or condition of a gelding (castrated male horse that is not capable of reproducing), or ridgeling (a colt with undescended testicles) is as described with the definitions provided here, (5) a colt or stallion at least 18 months of age does possess, at time of sale, two testes descended to the scrotum, (6) title to the horse is free from all adverse claims of ownership, use, or possession, and (7) the condition known as Hyperkalemic Periodic Paralysis (HYPP) is as stated or announced at time of sale and no statement or announcement means that the consignor has not disclosed to the sale management whether the horse has been HYPP tested or not, nor the results of such test. Except for the foregoing limited warranties, each horse is sold by the Consignor without warranty and as is, with all faults. Every horse will be sold under this rule. There is not guarantee with respect to the physical condition, health, disposition, use or intended use of any horse in this sale other than the limited warranties by Consignor as set out above.

6. TITLE. Title to and risk of loss passes from Consignor to Buyer upon Buyer’s signature of confirmation of purchase immediately after the horse is struck down by the auctioneer.

7. CARE OF HORSES. Effective from the time of purchase, the Buyer assumes all responsibility for the maintenance and proper care of the horse, except for those horses participating in research trials. No inhumane treatment, abuse or neglect of any horse will be permitted while horse is on the auction grounds.
8. RISK OF LOSS. Risk of loss passes from Consignor to Buyer upon Buyer’s signature of confirmation of purchase immediately after the horse is struck down by the auctioneer. This shall especially be the condition in the case of illness, injury, or death of any horse after it has been sold. The Buyer agrees to indemnify and hold the Consignor harmless from all loss, cost, and expense arising from illness, injury, or death of a horse. The loss or damage to property, and the injury or death of persons caused by the Buyer, the Buyer’s agents or employees, or by the horse after the horse has been purchased shall be the sole responsibility of the Buyer.

9. REMOVAL OF HORSES. All horses, except designated research horses, must be removed from the property either at the conclusion of the sale, or by the evening of the following day, Sunday, May 5th at no additional charge. If an extension is needed, please talk to the sales staff about boarding fees and arrangements.

10. CATALOG ERRORS. Every effort has been made to assure correctness of the sale catalog. However, the sale management, auctioneers, and announcers are not responsible for errors or omissions, and assume no liability on its part or on the part of Consignors as to any statements made by the Consignor which are printed in the catalog on behalf of the Consignor. When errors or omissions are brought to the attention of the sale management, auctioneers, or announcers, or when such errors or omissions are discovered by the sale management, announcements will be made to correct such errors or omissions. Buyers are cautioned to pay close attention to these announcements made by the auctioneer or announcer at time of sale as these announcements will take precedence over the printed matter in the sale catalog.
11. BROODMARES. All broodmares represented by the Consignor to be in foal will be sold with a veterinary certificate guaranteeing that the mare is in foal. Removal of the mare from the grounds constitutes acceptance of the mare and the Buyer accepts the mare as is. Unless otherwise announced at time of sale, any return privileges or any other agreements, written or otherwise expressed, that exist between the Owner of the covering stallion and the Consignor will terminate at time of sale and not transfer to the Buyer. This shall especially be the condition with respect to, but not limited to, any live foal guarantees, abortion of the foal in utero either by natural causes or otherwise, or refund of any stallion service fees, mare care fees, chute fees, or veterinarian fees.

12. REGISTRATION CERTIFICATES AND TRANSFER. All registration certificates and transfer reports will be held by sale management for a minimum of fifteen (15) banking days from the date of sale, or until Buyer’s check clears the drawee bank and becomes unconditional credit, whichever is later. Registration certificates and transfers will then be sent to the appropriate breed registry for recording the transfer of ownership into the Buyer’s name. Buyer will receive the Registration Certificate from the breed registry. Consignor will be responsible for the transfer fee. Buyer is responsible for any membership fees required by breed association.

13. CAUTION. Everyone attending this sale agrees to save and hold harmless and indemnify all Consignors, Texas A&M staff and Sale Management Staff, it’s agents, employees or servants, from and against any and all liability, debt, claims, suits, losses, damages, causes of action, judgments, costs and expenses, including attorneys’ fees, arising or allegedly arising for personal injury or death of any person or horse, including but not limited to employees of the Consignor or Buyer, property damage, including
loss of use thereof, economical loss or otherwise, arising or growing out of the use of any of Texas A&M University’s facilities due in any manner to the negligence or intentional acts of the Buyer or Spectator, any of their employees, agents, or servants in the performance of any act, error, omission, or negligence of the Sale Management Staff occurring concurrently with that of the Consignor, Buyer, or Spectator contributing to any loss indemnified hereunder, expect for the sole negligence of willful misconduct of the Sale Management Staff.

14. INSPECTION OF HORSES. All prospective buyers are cautioned and hereby instructed to examine horses thoroughly before purchasing. Buyers should refer to the LIMITED WARRANTIES condition printed above and read the LIMITED WARRANTIES condition in its entirety. It will be strictly enforced.

15. HEALTH REQUIREMENTS. All horses selling in this sale have met the health requirements for the State of Texas, have been required to have been Coggins Tested negative for Equine Infectious Anemia within one (1) year of the sale.

16. CHECK LIABILITY. Any person signing a personalized check will be held liable for the amount of the check. Acceptable form of personal identification will be required. No post dated checks will be accepted. Uncollectible checks will be turned over to the District Attorney for the County of Brazos and charges will be filed. Appropriate legal services will be obtained in whatever State and County necessary in the United States to secure performance of any check given. These conditions will be enforced to the fullest extent of the law and no exceptions will be made.
17. RESALES. In the event a Buyer defaults on accepting or paying for a horse sold to Buyer, the Sale Management reserves the right to accept the same purchase amount from another person, accept the next highest bid, put the horse up for sale a second time, or retain it for the Consignor as unsold; however, nothing shall prevent the sale management and/or the Consignor from pursuing whatever legal remedy available to compel the Buyer to perform as set out herein. Mistakes made by the auctioneer will also necessitate the resale of a horse.
Reference Sire
