1. These rules and regulations contained herein take precedence over any other rules concerning conduct of the show and participation therein. (1) Extenuating circumstances or concern for safety may require modification of the show rules or operating procedures by the executive committee. (2) It is the responsibility of the exhibitor’s parent or guardian to determine if he/she is able to participate/compete safely. (3) Show management reserves the right to alter or modify any contest procedures, obstacles, patterns, or rules in this book for safety concerns, show facility restrictions or other mitigating circumstances. (4) Show management reserves the right to refuse an exhibitor entry into any class or event if they deem that entry unsafe for the exhibitor and/or exhibitors or animals. With the exhibitor’s safety in mind, any activity or situation deemed unsafe can, and will, be stopped by show management and may result in disqualification from that class, contest, or Southern Regional competition.

2. Each state may send fifty (50) horses/equids to the show, plus two (2) judging teams, two (2) public speakers, two (2) team presentations, two (2) individual presentations, two (2) hippology teams, and two (2) horse bowl teams for the contest at the Southern Regional 4-H Horse Championships.

3. Criteria for eligibility of contestants are determined by the state from which contestants come. However, all contestants must be bona fide 4-H Club members.

4. All entries must be submitted to the state 4-H leader or Extension horse specialist for certification and forwarded to the Southern Regional Championship Show secretary.

5. Two or more riders may compete on the same horse. However, in no situation may a contestant or a horse be entered in the same class more than once. Each exhibitor must show his/her own horse.

6. When an exhibitor or exhibitor’s parent, guardian, leader or agent is guilty of unsportsmanlike conduct or misbehavior during the course of the event in or out of the area, the show management may suspend such exhibitor’s right to participate in future classes and/or events as deemed appropriate. The show management’s and/or judge’s decision shall be final and may not be protested.

7. *Abuse or Abusive Equipment Rules:* The judge or designated show officials have the authority to require the removal or alteration of any piece of equipment which, in his/their opinion is unsafe, tends to give unfair advantage or is deemed inhumane. Inhumane treatment of a horse identified by the host show committee or any designated personnel at any time during the Southern Regional Championships on any location on the show grounds may result in disqualification, dismissal and suspension from further participation in Southern Regional classes subject to approval of Southern Regional Horse Specialist Executive Committee. Any horse receiving inhumane treatment while exhibiting may be dismissed upon the discretion of the judge or show official appointed by Southern Regional Specialist Committee. The standard by which conduct or treatment will be measured is that which the show management committee rules a reasonable person, informed and experienced in generally accepted equine training and exhibition procedures, would determine to be cruel, abusive or inhumane.
8. No rerun will be given any contestant if handicapped by failure of personal equipment or accident to horse or rider. Failure of timer or similar other equipment will void any first run and another run will be given, regardless of circumstances of first run, at the discretion of the management.

9. In the event of a tie in a timed class (except in Open Jumping), the contestant declared the winner in a runoff must run the pattern in not more than two seconds over his original time or the runoff must be held again. Ties for 1st, 2nd and 3rd place in judged events will be worked off. Ties below 3rd place will be broken at discretion of judge and show committee. Any points involved on ties will be evenly split between the tied contestants.

10. All horses must have health certificates meeting the requirements of the state in which the show is held.

11. Chemical stimulants, depressants and caustic agents are prohibited and will result in disqualification. All horses are subject to testing.

12. The judge shall examine and check for lameness all horses brought into any class. This is essential regardless of whether or not the competition indicates it is necessary. Obvious lameness shall be cause for disqualification at the discretion of the judge.

13. One horse may enter only one Conformation class and one Showmanship class.

14. An official of the show may check the appointments of each horse and exhibitor. However, it is the exhibitor’s responsibility to be aware of all rules and enter the arena with the proper tack and attire. An official may request removal or alteration of any equipment deemed inappropriate prior to the judging of the class. Participants exhibiting with illegal appointments shall be disqualified at the discretion of the judge.

15. The management of this show reserves the right to determine the number of horses that will be brought back to any semifinals, finals or workout unless that number has been previously determined.

16. In any class, scored or timed, where there is a second run or pattern, final placings will be based on cumulative scores or times.

17. Scores or times will be announced or displayed in all classes with individual runs. However, these scores are unofficial and only those scores on judges’ cards and show books are official.

18. Protests: All problems, complaints or protests from individuals should be taken to the state specialist, who will present the problem to the Executive Committee or entire specialist group as needed. The judge’s decision shall be final and may not be protested. Protests must be filed by the 4-H member, parent, or legal guardian. Each protest must be in writing and must be accompanied by $100 in cash prior to the beginning of the next class.

19. All heats and all working orders will be drawn at random. Working order will be in the official show program or posted ahead of the class. In classes with drawn working orders, horses will work in that order or forfeit their right to compete in that class. The show management reserves the right to change the working orders or class schedules if
extenuating circumstances warrant. It is the exhibitor’s responsibility to alert show management of any conflicts with the working orders.

20. With the exhibitors’ safety in mind, horse show managers and Executive Committee shall decide on policies of entering and leaving the arena in timed events.

21. In Showmanship, Western Horsemanship, Saddle Seat Equitation, and Hunt Seat Equitation on the Flat, individual patterns will be completed prior to rail work. Scoring will be based on a numerical scale. Judging emphasis will be on precision and execution of pattern work, and demonstrated horsemanship/equitation. Ties are to be broken on rail work. Additional pattern work may be requested in finals or semifinals. When more than one pattern is utilized, all scores are cumulative.

22. Exhibitors may wear safety attire in any class without judging discrimination. The Southern Regional 4-H Horse Program encourages the use of safety vests in all classes. Each state may require and enforce more stringent safety attire during the Southern Regional 4-H Horse Championships.

23. Any youth age 18 or under (as of January 1st of the current show year) is required to wear a properly fastened American Standard for Testing Materials (ASTM) / Safety Equipment Institutes (SEI) approved protective headgear when mounted on a horse. Helmet use is required when mounted AT ALL TIMES on the show grounds, including all performance classes and divisions. Additionally, this policy is in effect in the show pen as well as ALL warm-up/practice pens and on the show grounds when mounted. Violation of this policy may result in disqualification from the show and/or removal from show grounds.

It is the responsibility of the exhibitor, or the parent or guardian or trainer of the exhibitor, to see to it that the headgear worn complies with appropriate safety standards for protective headgear intended for equestrians’ use and is properly fitted and in good condition. The Southern Regional Show Committee and officials are not responsible for checking appropriateness of headgear worn.

*The Southern Regional Show Committee and officials make no representation or warranty, expressed or implied, about any protective headgear, and cautions riders that death or serious injury may result despite wearing such headgear because all equestrian sports involve inherently dangerous risks and no helmet can protect against all foreseeable injuries.

24. In all classes, failure to wear the correct exhibitor number (either on the back only OR on both sides of the saddle pad only) will result in a disqualification in that specific class.

**SOUTHERN REGIONAL 4-H HORSE CHAMPIONSHIPS**

**CONFORMATION OR IN-HAND CLASSES:**

1. Horses will be judged according to respective breed standards on conformation, condition, structural defects, soundness and way of going at discretion of judge.

2. Horses to be judged individually while standing, at a walk and trot (or favorite gait*) on the line.

3. Horses must be shown in halters with throat latches made of leather or other suitable material. (In English classes, horse may be shown in halter or bridle).

4. Whips or bats of any type are not permitted in conformation classes. Protective boots, leg wraps and bandages are prohibited.

5. Horses will be handled and shown by one 4-H member only.

6. Horses should enter the ring as specified by the official. Subsequent procedures will be as directed by judge and/or ring steward.

7. When the top 10 horses are placed, ring steward shall line them up in order of placing so the public may see how the horses are placed.

*Non-Trotting Division only.

**SHOWMANSHIP CLASSES (ALL DIVISIONS):**

1. 4-H member and equipment:
   A. Personal appearance of 4-H member: neat, clean, well-groomed, attentive, courteous and in appropriate attire.
   B. Equipment:
      (1) Hunter: Clean, adjusted and acceptable hunter bridle or halter. No crops or bats are permitted.
      (2) Trotting or Non-Trotting: Clean, adjusted halter or bridle (full, Pelham, curb or snaffle). No whips are permitted.
      (3) Western: Clean, adjusted halter to fit the horse. Fancy halters shall not be given preference over good working halters.

2. Horse (Fitting and Grooming):
   A. The horse should be clean, well-groomed and fitted for its type.
   B. The horse’s feet should be cleaned and either trimmed or properly shod.

3. Method of Showing (Showmanship):

   * denotes Non-Trotting Division only.

   A. Walk, trot (or favorite gait*), turn, stop, back and pose your horse as directed by the judge or ring steward.
B. Lead from the left side of your horse with your right hand on the lead strap or bridle reins. The excess lead shank/bridle reins must be carried in the left hand at all times and the lead shank/bridle reins must not be wrapped around either hand. It is acceptable to either figure-8 or loose coil the excess lead shank/bridle reins in the left hand. When showing your horse at a walk, walk by its side - never directly in front of it. Your horse’s head should be about even with your shoulder. When moving, keep your horse’s neck, head and body in a straight line and maintain precise control. Move your horse directly toward or away from the judge, unless the judge indicates that he wishes to see your horse from the side.

C. Show the horse with a shank short enough to assure maximum control and responsiveness from the horse. The basic position of the exhibitor should allow constant observation of the horse’s feet and also permit observation of the judge and ring officials.

D. Never obstruct the view of the judge, and do not stand directly in front of the horse.

E. Run by the left side of your horse when you are showing it at the trot (or favorite gait*). Your horse should move willingly toward or away from the judge with its head, neck and body in a straight line. Your horse should trot (or gait) freely, fast, and be alert with head up but not too high.

F. When a particular show ring procedure being used by a judge requires a horse to be reversed, your horse should be turned to the right. Turn in as small a space as possible and attempt to keep the horse’s hind feet planted in one place while turning. All turns should be made natural. Any turn requiring more than 90 degrees should be made to the right.

G. Keep your horse posed at all times, and know where the judge is and what he wants. A good showman always gives the judge the best view of his/her horse. You cannot change your horse’s type and conformation, but you can improve its style and appearance. Make it easy for the judge to see your horse to its best advantage.

H. Keep your proper position in line, and allow reasonable space (at least 6 feet) between your horse and the other horses. Never let your horse interfere with another horse.

I. Be alert when leading in a circle. Observe the horse in front of you; bumping a horse from the rear is a serious fault in showmanship and very unsafe.

J. If asked to change position in line, back your horse out of line and approach the new position from behind. Do not get too close.

K. Move easily, quietly and with confidence when showing your horse. Be courteous; respond promptly to directions, and show good horsemanship at all times.

L. Do your showing with the lead shank or bridle rein.

4. CLASS PROCEDURES: All exhibitors may enter the ring and then work individually or each exhibitor may be worked from the gate individually. When exhibitors are worked individually from the gate, a working order is required. The following maneuvers are considered acceptable: lead the horse at a walk, jog, trot, extended trot (or favorite gait for Non-Trotting Division horses only), or back in a straight or curved line, or a combination of straight and curved lines; stop; and turn 90 (1/4), 180 (1/2), 270 (3/4), 360 (full turn) degrees or any combination or multiple of these turns. The judge must have exhibitors set the horse up squarely for inspection sometime during the class.

2. Showmanship whips (dressage whips etc.) will not be allowed for showmanship purposes. War bridles or like devices, or any type of wire or rope over a horse’s head will not be allowed.
3. **SCORING:** Exhibitors are to be scored from 0 to 100 with 70 denoting an average performance. One-half point increments are acceptable. Run content scores will be indicated as follows:

- + = Above Average
- (check mark)= Average
- - = Below Average
- An additional + (Excellent) or – (well below average) may be given.

(1) **Overall Presentation of Exhibitor and Horse**

The exhibitor’s overall poise, confidence, appearance and position throughout the class, and the physical appearance of the horse will be evaluated.

(A) **Presentation and Position of Exhibitor**

- Appropriate attire must be worn. Clothes and person are to be neat and clean. The use of any type of artificial aid including, but not limited to lighters, hay, dirt, sharp pins, etc. will be considered a disqualification.
- Exhibitors should be poised, confident, courteous and genuinely sportsmanlike at all times, quickly recognizing and correcting faults in the positioning of the horse. The exhibitor should continue showing the horse until the class has been placed or they have been excused, unless otherwise instructed by the judge. The exhibitor should appear business-like, stand and move in a straight, natural and upright manner, and avoid excessive, unnatural or animated body positions.
- The exhibitor must lead on the horse’s left side holding the lead shank in the right hand near the halter with the tail of the lead loosely coiled in the left hand unless requested by the judge to show the horse’s teeth. It is preferable that the exhibitor’s hand not be on the snap or chain portion of the lead continuously. The excess lead should never be tightly coiled, rolled or folded. When leading, the exhibitor should be positioned between the eye and the mid-point of the horse’s neck, referred to as the leading position.
- Both arms should be bent at the elbow with the elbows held close to the exhibitor’s side and the forearms held in a natural position. Height of the arms may vary depending on the size of the horse and exhibitor, but the arms should never be held straight out with the elbows locked.
- The position of the exhibitor when executing a turn to the right is the same as the leading position except that the exhibitor should turn and face toward the horse’s head and have the horse move away from them to the right.
- When executing a back, the exhibitor should turn from the leading position to face toward the rear of the horse with the right hand extended in front of the exhibitor’s chest still maintaining slight bend in the elbow and walk forward. The ideal position is for the exhibitor’s left shoulder to in alignment with the horse’s left front leg.
- When setting the horse up for inspection, the exhibitor should stand angled toward the horse in a position between the horse’s eye and muzzle, and should never leave the head of the horse. The exhibitor is required to use the Quarter Method when presenting the horse. The exhibitor should maintain a position that is safe for themselves and the judge. The position of the exhibitor should not obstruct the judge’s view of the horse and should allow the exhibitor to maintain awareness of the judge’s position at all times. The exhibitor should not crowd other exhibitors when setting up side-by-side or head-to-tail. When moving around the horse, the exhibitor should change sides in front of the horse with minimal steps and should assume the same position on the right side of the horse that they had on the left side.
- Leading, backing, turning and initiating the set-up should be performed from the left side of the horse. At no time should the exhibitor ever stand directly in front of the horse. The
exhibitor should not touch the horse with their hands or feet, or visibly cue the horse by pointing their feet at the horse during the set-up.

(B) Presentation of Horse
• The horse’s body condition and overall fitness should be assessed. The hair coat should be clean, well-brushed and in good condition. The mane, tail, forelock and wither tuft may not contain ornaments (ribbons, bows, etc.), but may be braided or banded for English or Western. The length of mane and tail may vary, as long as they are neat, clean and free of tangles. The mane should be even in length or may be roached, except where government regulations prohibit.
• Hooves should be properly trimmed and if shod, the shoes should fit correctly and clinches should be neat. Hooves must be clean and may be painted black or with hoof dressings, or shown naturally.
• Tack should fit properly and be neat, clean and in good repair.

(2) Performance
• The exhibitor should perform the work accurately, precisely, smoothly, and with a reasonable amount of speed. Increasing speed of the work increases the degree of difficulty, however, accuracy and precision should not be sacrificed for speed. The horse should lead, stop, back, turn and set up willingly, briskly and readily with minimal visible or audible cueing. A severe disobedience will not result in a disqualification but should be penalized severely, and the exhibitor should not place above an exhibitor that completes the pattern correctly. Excessive schooling or training, willful abuse, loss of control of the horse by the exhibitor, failure to follow prescribed pattern, knocking over or working on the wrong side of the cones shall be cause for disqualification.
• The horse should be led directly to and away from the judge in a straight or curved line and track briskly and freely at the prescribed gait as instructed. The horse’s head and neck should be straight and in line with the body.
• The stop should be straight, prompt, smooth and responsive with the horse’s body remaining straight.
• The horse should back up readily with the head, neck and body aligned in a straight or curved line as instructed.
• Pull turns to the left should be 90 degrees or less. On turns of greater than 90 degrees, the ideal turn consists of the horse pivoting on the right hind leg while stepping across and in front of the right front leg with the left front leg. An exhibitor should not be penalized if their horse performs a pivot on the left hind leg, but an exhibitor whose horse performs the pivot correctly should receive more credit.
• The horse should be set up quickly with the feet squarely underneath the body. The exhibitor does not have to reset a horse that stops square.

(1) Faults: Faults can be classified as minor, major or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction.

(A) Minor faults
  o Break of gait at walk or jog/trot for 1 stride
  o Sliding a pivot foot or lifting foot and replacing in same place

(B) Major faults
  o Not performing gait or not stopping within 5 feet of designated area
  o Break of gait at walk or jog/trot for more than 1 stride
- Splitting the cone
- Picking up a pivot foot
- Picking up a foot after presentation
- Over/under turning 1/8 to ¼ of designated turn

(C) Severe Faults (avoids disqualification but should be placed below other exhibitors that do not incur a severe fault) include:
  - Out of position during presentation
  - Exhibitor touching the horse or kicking or pointing their feet at the horse’s feet during set up
  - Standing directly in front of the horse
  - Loss of lead shank or holding chain or two hands on shank.
  - Severe disobedience including rearing or pawing; horse kicking at other horses, exhibitors or judge; or horse continuously circling the exhibitor

(D) Disqualifications (should not be placed) include:
  - Loss of control of horse that endangers exhibitor, other horses or exhibitors, or judge including the horse escaping from the exhibitor
  - Failure of exhibitor to wear correct number in a visible manner
  - Willful abuse
  - Excessive schooling or training, or use of artificial aids
  - Knocking over the cone or going off pattern
  - Never performing specific gait
  - Over turning more than ¼ turn of designated turn

FINAL SCORING shall be on a basis of 0-100, with an approximate breakdown as follows:
  - 90-100 Excellent showmanship, including body position and presentation of horse. Completes pattern accurately, quickly, smoothly and precisely; demonstrates a high level of professionalism.
  - 80-89 Above average performance in execution of the pattern as well as correct showmanship and presentation of horse. Excellent showman that commits a minor fault.
  - 70-79 Average pattern execution and average showmanship; lacking adequate style and professional presentation to merit elevating to the next scoring range. Above average showman that commits a minor fault.
  - 60-69 Below average pattern that lacks quickness or precision. Horse with consistently unwilling attitude or handler with obvious position and/or presentation faults that prevents effective showmanship. An average showman that commits two minor faults in the performance of the pattern. An excellent showman that commits a major fault.
  - 50-59 One major fault or multiple minor faults in the performance or presentation or position of exhibitor that precludes effective communication with the horse.
  - 40-49 Severe fault, two or more major faults, or multiple minor faults in the performance or the execution of the pattern and demonstrates a lack of handling ability and knowledge of correct body position.
  - 10-39 Exhibitor commits more than one severe fault or multiple major faults in performance or position but completes the class and avoids disqualification.
SOUTHERN REGIONAL 4-H HORSE CHAMPIONSHIPS
OPEN TRAIL CLASS

1. This class will be judged on the performance of the horse over obstacles, with emphasis on manners, response to the rider, and quality of movement. Credit will be given to horses negotiating the obstacles with style and some degree of speed, providing correctness is not sacrificed. Horses should receive credit for showing attentiveness to the obstacles and the capability of picking their own way through the course when obstacles warrant it, and willingly responding to the rider’s cues on more difficult obstacles.

2. Horse shall be penalized for any unnecessary delay while approaching or negotiating the obstacles. Horses with artificial appearance over obstacles should be penalized.

3. Horses must not be required to work on the rail. The course must be designed, however, to require each horse to show the three gaits (walk, jog, and lope) somewhere between obstacles as a part of its work and quality of movement and cadence should be considered as part of the maneuver score. Gait between obstacles shall be at the discretion of the judge.

4. Open to all horses and ponies. Standard tack and attire for the appropriate division. Hands on reins may be changed. No tie-downs or martingales. The class will have no rail work. Horses may be asked to walk, trot (jog, intermediate gait) and canter (lope) between obstacles.

5. Course will be posted at least one hour before the course is open. Contestants may compete any time, but it is the sole responsibility of the contestant to meet the deadlines. No work-offs or finals.

6. Scoring will be on the basis of 0-infinity, with 70 denoting an average performance. Each obstacle will receive an obstacle score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each obstacle will be scored on the following basis, ranging from plus 1 ½ to minus 1 1/2: -1 ½ extremely poor, -1 very poor, -½ poor, 0 correct, + ½ good, + 1 very good, + 1 ½ excellent. Obstacle scores are to be determined and assessed independently of penalty points. Penalties should be assessed per occurrence as follows:

7. The following deductions will result:
   A) One-half (½) point
      - Each tick of log, pole, cone, plant or any component of the obstacle
   B) One (1) Point
      - Each bite of or hit of or stepping on a log, cone, plant or any component of the obstacle
      - Incorrect or break of gait at walk or jog (trot/gait) for two strides or less
      - Both front or hind feet in a single-strided slot or space at a walk or jog
      - Skipping over or failing to step into required space
      - Split pole in lope-over
      - Incorrect number of strides, if specified
C) Three (3) point
- Incorrect or break of gait at walk or jog (trot/gait) for more than 2 strides
- Out of lead or break of gait at lope (except when correcting an incorrect lead)
- Knocking down an elevated pole, cone, barrel, plant, obstacle, or severely disturbing an obstacle
- Stepping outside the confines of, falling or jumping off or out of an obstacle with designated boundaries with one foot once the foot has entered obstacle; including missing one element of an obstacle on a line of travel with one foot.

D) Five (5) point
- Dropping slicker or object required to be carried on course
- First or second cumulative refusal, balk, evading an obstacle by shying or backing
- Letting go of gate or dropping rope gate
- Use of either hand to instill fear or praise
- Stepping outside the confines of, falling or jumping off or out of an obstacle with designated boundaries with more than one foot once the foot has entered obstacle; including missing one element of an obstacle on a line of travel with more than one foot.
- Blatant disobedience (including kicking out, bucking, rearing, striking)
- Failure to complete obstacle
- Faults, which occur on the line of travel between obstacles, scored according to severity:
  - head carried too high
  - head carried too low (tip of ear below wither)
  - over-flexing or straining neck in head carriage so the nose is carried behind the vertical
  - excessive nosing out
  - opening mouth excessively
- Holding saddle with either hand

E) Disqualified 0-Score
- Use of two hands or changing hands on reins; except for junior horses shown with hackamore or snaffle bit, only one hand may be used on the reins (except that it is permissible to change hands to work an obstacle)
- Use of romal other than as outlines in AQHA rulebook
- Performing the obstacle incorrectly or other than in specified order
- No attempt to perform an obstacle
- Equipment failure that delays completion of pattern
- Excessively or repeatedly touching the horse on the neck to lower the head
- Entering or exiting an obstacle from the incorrect side or direction
- Working obstacle the incorrect direction; including overturns of more than 1/4 turn
- Riding outside designated boundary marker of the arena or course area
- Third cumulative refusal, balk, or evading an obstacle by shying or backing
- Failure to ever demonstrate correct gait between obstacles as designated
- Failure to follow the correct line of travel between obstacles
- Faults that occur on the line of travel between obstacles, which will be cause for disqualification:
- head carried too low (tip of ear below the withers consistently)
- over-flexing or straining neck in head carriage so the nose is carried behind the vertical consistently

8. Management, when setting courses, should keep in mind that the idea is not to trap a horse, or eliminate it by making an obstacle too difficult. All courses and obstacles are to be constructed with safety in mind so as to eliminate any accidents. If difficult courses are set, junior trail should be less difficult. When the distances and spaces are measured between all obstacles, the inside base to inside base measurement of each obstacle considering the normal path of the horse, should be the measuring point. Enough space must be provided for a horse to jog (at least 30') and lope (at least 50') for the judges to evaluate these gaits.

9. If disrupted, the course shall be reset. In the case that an obstacle is used in combination, the obstacle cannot be reset until the contestant finishes the entire obstacle.

10. At least six obstacles must be used, three of which must be from the mandatory list of obstacles and at least three others selected from the list of optional obstacles.

A) Mandatory Obstacles:
- Opening, passing through, and closing a gate. (Losing control of the gate is to be penalized.) Use a gate which will not endanger horse or rider. If the gate has a metal, plastic or wooden support bar under the opening, contestants must work the gate moving forward through it.
- Ride over at least four logs or poles. These can be in a straight line, curved, zigzag or raised. The space between the logs is to be measured and the path the horse is to take should be the measuring point. All elevated elements must be placed in a cup, notched block, or otherwise secured so they cannot roll. The height should be measured from the ground to the top of the element. Spacing for walkovers, trot-overs, and lope-overs should be as follows or increments thereof.
  1) The spacing for walkovers shall be 20" to 24" (40cm to 60cm) and may be elevated to 12" (30cm). Elevated walkovers should be at least 22" (55cm) apart.
  2) The spacing for trot-overs shall be 3' to 3'6" (90-105cm) and may be elevated to 8" (20cm).
  3) The spacing for lope-overs shall be 6' to 7' (1.8-2.1m) or increments thereof, and may be elevated to 8" (20cm).
- Backing obstacle. Backing obstacles to be spaced a minimum of 28" (70cm). If elevated, 30" (75cm) spacing is required. Entrants cannot be asked to back over a stationary object such as a wooden pole or metal bar.
  a. Back through and around at least three markers.
  b. Back through L, V, U, straight, or similar shaped course. May be elevated no more than 24" (60cm).

B) Optional Obstacles, but not limited to:
- Water hazard (ditch or small pond). No metal or slick bottom boxes to be used.
- Serpentine obstacles at walk or jog. Spacing to be minimum of 6' (1.8m) for jog.
- Carry object from one part of arena to another. (Only objects which reasonably might be carried on a trail ride may be used.)
- Ride over wooden bridge. (Suggested minimum width shall be 36" (90cm) wide and at least six feet long). Bridge should be sturdy, safe and negotiated at a walk only.
- Put on and remove a slicker.
- Remove and replace materials from a mailbox.
- Side pass (may be elevated to 12” (30cm) maximum).
- An obstacle consisting of four logs or rails, each 5’ to 7’ long, laid in a square. Each contestant will enter the square by riding over log or rail as designated. When all four feet are inside the square, rider should execute a turn, as indicated, and depart.
- Any other safe and negotiable obstacle which could reasonably be expected to be encountered on a trail ride and meets the approval of the judge may be used.
- A combination of two or more of any obstacle is acceptable.

C) Unacceptable Obstacles:
- Tires
- Animals
- Hides
- PVC Pipe
- Dismounting
- Jumps
- Rocking or moving bridges
- Water box with floating or moving parts
- Flames, dry ice, fire extinguishers, etc.
- Logs or poles elevated in a manner that permits such to roll.
- Ground ties

11. The judge must walk the course and has the right and duty to alter the course in any manner. The judge may remove or change any obstacle he deems unsafe or non-negotiable. If at any time a trail obstacle is deemed to be unsafe by the judge, it shall be repaired or removed from the course. If it cannot be repaired and horses have completed the course, the score for that obstacle shall be deducted from all previous works for that class.

12. There will be one set of awards. The class will not count toward High Point awards.

SOUTHERN REGIONAL 4-H HORSE CHAMPIONSHIPS
WESTERN DIVISION

APPOINTMENTS:

PERSONAL: Clothing must be clean and neat. Riders shall wear western hats or safety helmets and boots. Shirts with a collar and long sleeves are required. Spurs, chaps or similar equipment are optional. No ball caps will be allowed in any class in the Western Division.

TACK: Horse shall be shown with a stock saddle, but silver tack equipment will not count over a good working outfit. A snaffle, curb, half-breed or spade bit is permissible; but a martingale, tie-down or nose band is prohibited. No wire curbs, regardless of how taped, nor chin strap narrower than ½ inch will be permitted. Chain curbs are permissible but must be of the standard flat variety with no twist and must meet approval of the judge. A hackamore or snaffle may be used only on horses or ponies five years of age or younger in Western events. “Hackamore” means that a horse will be ridden ONLY with a rawhide braided or leather braided or rope bosal. The core of which
may be either rawhide or flexible cable. A hackamore must use a complete mecate rein, which includes a tie-rein. Absolutely no iron will be permitted under the jaws, regardless of how padded or taped. Mechanical hackamores are prohibited except in Roping or speed events. A judge shall have the authority to require the removal or alteration of any piece of equipment which in his opinion would give a horse an unfair advantage. Protective boots, leg wraps and bandages are allowed in Western Horsemanship, Western Riding and Reining.

**BITS:** Snaffle bits used in western performance classes must be conventional egg-but, O-ring or D-ring type with a ring diameter no larger than 4 inches. The mouthpiece must be round and smooth and constructed of unwrapped metal. If the mouthpiece is inlaid, it must be smooth or latex wrapped. The bars of the bit must measure at least 5/16 inches when measured 1 inch from the cheek. A gradual decrease toward the center of the bit is permissible. The mouthpiece may be of two or three pieces with either a connecting ring or a flat bar being the center. If the ring structure is used it must be no larger than 1 1/4 inches in diameter; if the connecting piece is a flat bar, it can be no longer than 2 inches and must measure 3/8 inches to 3/4 inches top to bottom. Both connecting ring and flat bar must lie in the horse's mouth.

Curb bits are those bits that have shanks used for leverage. The mouthpiece may be either smooth or broken. The bit must be free of mechanical devices. The length of the shank must not exceed 8 1/2 inches measured from the upper inside of the top ring (where the headstall attaches) to the center of the bottom ring (where the reins attach).

The bars of the curb bit must be round, smooth and unwrapped metal at least 5/16 inches and no larger than 3/4 inches in diameter when measured 1 inch from the cheek. If the mouthpiece is solid, nothing may protrude below the bar. If the mouthpiece is made of two or three pieces, a connecting ring 1 1/4 inch or less in diameter, or a connecting flat bar of 3/8 inches - 3/4 inches (measured top to bottom with a maximum length of 2 inches ), which lies flat in the horse’s mouth is acceptable. The maximum height of the port on a curb bit is 3 1/2 inches measured from the bottom of the bar to the top of the port (this includes any extensions that might be added to the port).

Slip bits, gag bits, donut and flat polo mouthpieces are not acceptable.
Horses or ponies five years of age or younger may be shown with both hands on reins in all western division classes in accordance with the following rules:

1. Horses to be shown in standard, plain or silver headstalls (browband, shaped ear or split ear). Smooth snaffle bit with broken mouthpiece (conventional O-ring, egg butt or D-ring).
2. Reins to be attached above the curb strap.
3. Standard, leather or woven, split reins are mandatory.
4. A rawhide braided, leather braided or rope bosal may be used in lieu of a snaffle bit, with no metal under the jaw or on the noseband in connection with the bosal. The bosal should be properly fitted relative to the horse’s size and conformation.
5. All entries with a hackamore/snaffle bit must be shown with both hands on reins, maintaining light contact with horse’s mouth.
6. Reins shall be held in one hand and cannot be changed during the performance, unless a horse or pony five years of age or younger is being shown in either a snaffle bit or bosal. If showing with one hand on the reins, the free hand shall not be used to support the rider by being placed on any part of the saddle.
7. Contestants must use split reins or romal. Roping reins are not permitted. Only one finger between split reins is permissible. No finger is permitted between the reins when using a romal.
WESTERN PLEASURE

1. Horses are shown at a walk, jog and lope on a reasonably loose rein without undue restraint. Horses must work both ways of the ring at all three gaits to demonstrate their ability with different leads. Horses may be required to reverse at the walk or jog and may be required to go from any gait to any other gait at the discretion of the judge. For safety of the contestants, a reverse at the lope shall not be called. An extended lope will not be called. A moderate extension of the jog may be called for.

2. The judge shall have the right to ask for additional work from any horse. Additional work shall be related to the utility of the horse.

3. The judge may ask that only finalists be backed.

4. Horses are to be reversed to the center of the arena.

5. Large numbers in this class will necessitate elimination heats to accommodate all horses. The suggested maximum number is 25 horses in each heat.

6. Any portion of a class or heat may be placed on the rail for extra work by the judge at any time.

7. At no time shall the fault-out system be used that results in a contestant being eliminated individually. Instead, a more positive approach should be used, with winners being announced and the remainder of the class being dismissed from the arena as a group or recognized individually as finalists. Individual horses will not be pulled off the rail while the class is being judged.

8. This class will be judged on the performance of the horse at the discretion of the judge.

WESTERN HORSEMANSHIP

1. The Western Horsemanship class is designed to evaluate the rider’s ability to execute, in concert with their horse, a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence, and maintaining a balanced, functional and fundamentally correct body position. The ideal horsemanship pattern is extremely precise with the rider and horse working in complete unison, executing each maneuver with subtle aids and cues. The horse’s head and neck should be carried in a relaxed, natural position, with the poll level with or slightly above the withers. The head should not be carried behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance.

2. It is mandatory that the judge post any pattern(s) to be worked at least one hour prior to the commencement of the class; however, if the judge requires additional work of exhibitors for consideration of final placing, the pattern may be posted. Pattern(s) should be designed to test the horseman’s ability. All ties will be broken at the judge’s discretion.

3. **CLASS PROCEDURES:** All exhibitors must enter the ring and then work individually, or each exhibitor may be worked from the gate individually. When exhibitors are worked individually from the gate, a working order is required. Exhibitors should be instructed to either leave the arena, fall into line, or fall into place on the rail after their work. The whole
class, or just the finalists, must work at all three gaits at least one direction of the arena.
The following maneuvers are acceptable in a pattern: walk, jog, trot, extended trot, lope or extended lope in a straight line, curved line, serpentine, circle or figure 8, or combination of these gaits and maneuvers; stop; back in a straight or curved line; turn or pivot, including spins and rollbacks on the haunches and/or on the forehand; sidepass, two-track or leg-yield; flying or simple change of lead; counter-canter; or any other maneuver; or ride without stirrups. A back should be asked for at some time during the class. Judges should not ask exhibitors to mount or dismount.

4. **Scoring:**
   
   - Exhibitors are to be scored from 0 to 100 with 70 denoting an average performance. One-half point increments are acceptable. Run content scores will be indicated as follows:
     
     + = Above Average
     (check mark)= Average
     - = Below Average
   
5. **Overall Presentation of Exhibitor and Horse** - The exhibitor’s overall poise, confidence, appearance and position throughout the class as well as the physical appearance of the horse will be evaluated.

(A) **Presentation and Position of Exhibitor**
   
   Appropriate western attire must be worn. Clothes and person are to be neat and clean.

**Position of Exhibitor**

- The exhibitor should appear natural in the seat and ride with a balanced, functional and correct position regardless of the maneuver or gait being performed. During the rail work and pattern, the exhibitor should have strong, secure and proper position. Exhibitors should sit and maintain an upright position with the upper body at all gaits.
- The rider should sit in the center of the saddle and the horse’s back with the legs hanging to form a straight line from the ear, through the center of the shoulder and hip, touching the back of the heel or through the ankle. The heels should be lower than the toes, with a slight bend in the knee and the lower leg should be directly under the knee. The rider’s back should be flat, relaxed and supple. An overly stiff and/or overly arched lower back will be penalized. The shoulders should be back, level and square. The rider’s base of support should maintain secure contact with the saddle from the seat to the inner thigh. Light contact should be maintained with the saddle and horse from the knee to mid-calf. The knee should point forward and remain closed with no space between the exhibitor’s knee and the saddle. The exhibitor will be penalized for positioning the legs excessively behind or forward of the vertical position. Regardless of the type of stirrup, the feet may be placed home in the stirrup, with the boot heel touching the stirrup, or may be placed with the ball of the foot in the center of the stirrup. The rider’s toes should be pointing straight ahead or slightly turned out with the ankles straight or slightly broken in. Riding with toes only in the stirrup will be penalized. Those exhibitors that can maintain the proper position throughout all maneuvers should receive more credit. When riding without stirrups, the exhibitor should maintain the same position as previously described. Both hands and arms should be held in a relaxed, easy manner, with the upper arm in a straight line with the body. The arm holding the reins should be bent at the elbow forming a line from the elbow to the horse’s mouth. The free hand and arm may be carried bent at the elbow in a similar position as the hand holding the reins or straight down at the rider’s side. Excessive pumping of the free arm as well as
excessive stiffness will be penalized. The rider’s wrist is to be kept straight and relaxed,
with the hand held at about 30 to 45 degrees inside the vertical. The rein hand should
be carried immediately above or slightly in front of the saddle horn. The reins should be
adjusted so that the rider has light contact with the horse’s mouth, and at no time shall
reins require more than a slight hand movement to control the horse. Excessively tight
or loose reins will be penalized.

- The rider’s head should be held with the chin level and the eyes forward, and may be
directed slightly toward the direction of travel. Excessive turning of the head to the
inside of the circle, or down at the horse’s head or shoulder will be penalized.
- The exhibitor should not crowd the exhibitor next to or in front of them when working
on the rail and should pass to the inside of the arena. When reversing on the rail, the
exhibitor should always reverse to the inside of the arena.

(B) Presentation of Horse

- The horse’s body condition and overall health and fitness should be assessed. The horse
should appear fit and carry weight appropriate for the body size. A horse which appears
sullen, dull, lethargic, emaciated, drawn or overly tired should be penalized according to
severity.
- Tack should fit the horse properly and be neat, clean and in good repair.

6. Performance

- The exhibitor should perform the work accurately, precisely, smoothly, and with a
reasonable amount of promptness. Increasing speed of the maneuvers performed
increases the degree of difficulty; however, accuracy and precision should not be
sacrificed for speed. Exhibitors that perform the pattern sluggishly and allow their horse
to move without adequate impulsion, collection or cadence will be penalized.
- The horse should perform all maneuvers in the pattern willingly, briskly and readily with
minimal visible or audible cueing. Severe disobedience will not result in a
disqualification, but should be severely penalized, and the exhibitor should not place
above an exhibitor that completes the pattern correctly. Failure to follow the prescribed
pattern, knocking over or working on the wrong side of the cones, excessive schooling
or training, or willful abuse by the exhibitor is cause for disqualification.
- The horse should track straight, freely and at the proper cadence for the prescribed gait.
Transitions should be smooth and prompt in the pattern and on the rail, and should be
performed when called for on the rail. The horse’s head and neck should be straight and
in line with their body while performing straight lines and slightly arched to the inside on
curved lines or circles. Circles should be round and performed at the appropriate speed,
size and location as requested in the pattern. The counter-canter should be performed
smoothly with no change in cadence or stride unless specified in the pattern.
- The stop should be straight, square, prompt, smooth and responsive with the horse
maintaining a straight body position throughout the maneuver. The back should be
smooth and responsive.
- Turns should be smooth and continuous. When performing a turn on the haunches, the
horse should pivot on the inside hind leg and step across with the front legs. A rollback
is a stop and 180 degree turn over the hocks with no hesitation. Backing during turns
will be penalized severely.
- The horse should step across with the front and hind legs when performing the
sidepass, leg-yield and two-track. The sidepass should be performed with the horse
keeping the body straight while moving directly lateral in the specified direction. When
performing a leg-yield, the horse should move forward and lateral in a diagonal
direction with the horse’s body arced opposite to the direction that the horse is moving.
In the two-track, the horse should move forward and lateral in a diagonal direction with the horse’s body held straight or bent in the direction the horse is moving.

- A simple or flying change of lead should be executed precisely in the specified number of strides and/or at the designated location. A simple change of lead is performed by breaking to a walk or trot for one to three strides. Flying changes should be simultaneous front and rear. All changes should be smooth and timely.
- Position of the exhibitor and performance of the horse and rider on the rail must be considered in the final placing.

7. **Faults:** Faults can be classified as minor, major or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction. An exhibitor that incurs a severe fault avoids elimination, but should be placed below all other exhibitors that complete the pattern correctly. A minor fault can become a major fault and a major fault can become a severe fault when the degree and/or frequency if the infraction(s) merits.

   (A) Minor faults
   - Break of gait at walk or jog/trot up to 2 strides
   - Over/under turn up to 1/8 of turn
   - Head carried too high
   - Head carried too low (tip of ear below the withers)
   - Overflexing or straining neck in head carriage so the nose is carried behind the vertical
   - Excessive nosing out

   (B) Major faults
   - Break of gait at a lope, out of lead or missing lead for 1-2 strides
   - Not stopping within 10 feet of designated area
   - Incorrect gait or break of gait at walk or jog for more than 2 strides
   - Over turn of more than 1/8 turn, but not more than 1/4
   - Exhibitor looking down to check leads
   - Failure of bottom of boot to be in contact with the pad of the stirrup

   (C) Severe Faults (avoids disqualification but should be placed below other exhibitors that do not incur a severe fault) include:
   - Loss of stirrup or rein
   - Missing a lead for more than 2 strides
   - Touching horse
   - Grabbing the saddle horn or any other part of the saddle
   - Cueing with the end of the romal
   - Spurring in front of the shoulder
   - Kicking at other horses, exhibitors or judge
   - Severe disobedience or resistance by horse including, but not limited to, rearing bucking or pawing

   (D) Disqualifications (should not be placed) include:
   - Failure by exhibitor to wear correct number in visible manner
   - Willful abuse
   - Knocking over the cone, going off pattern or working on wrong side of cone
   - Excessive schooling or training
   - Fall by horse or rider
   - Illegal use of hands on reins
   - Use of prohibited equipment
   - Failure to follow pattern correctly including failure to ever execute correct lead or gait where called for
Overturning more than 1/4 of prescribed turn
Faults, which will be cause for disqualification, except in novice amateur or novice youth classes, which shall be faults, scored according to severity:
(a) Head carried too low (tip of ear below the withers consistently)
(b) Over-flexing or straining neck in head carriage so the nose is carried behind the vertical consistently.

8. FINAL SCORING shall be on a basis of 0-100, with an approximate breakdown as follows:
- 90-100 Excellent rider, including body position and use of aids. Completes pattern accurately, quickly, smoothly and precisely while demonstrating a high level of professionalism.
- 80-89 Above average performance in execution of the pattern as well as correct horsemanship and use of aid. Excellent horseman that commits a minor fault.
- 70-79 Average pattern execution and average horsemanship lacking adequate style and professional presentation to merit elevating to the next scoring range. Above average rider that commits a major fault.
- 60-69 Below average pattern that lacks quickness or precision or rider has obvious position and/or appearance faults that prevents effective horsemanship; or an average horseman that commits two minor faults in the performance of the pattern. An excellent rider that commits a major fault.
- 50-59 One major fault or multiple minor faults in the performance. A rider that demonstrates a lack of riding ability and knowledge of correct body position.
- 40-49 A rider that commits a severe fault, two or more major faults or multiple minor faults in the performance or the exhibitor that demonstrates a lack of riding ability and knowledge of correct body position.
- 10-39 Rider that commits more than one severe fault of multiple major faults in performance or exhibits poor riding skills but completes the class and avoids disqualification.

WESTERN RIDING

1. Western Riding is an event where the horse is judged on quality of gaits, lead changes at the lope, response to the rider, manners and disposition. The horse should perform with reasonable speed and be sensible, well-mannered, free and easy moving.

2. Credit shall be given for and emphasis placed on smoothness, even cadence of gaits (starting and finishing pattern with the same cadence), and the horse’s ability to change leads precisely, easily and simultaneously both hind and front at the center point between markers. The horse should have a relaxed head carriage showing response to the rider’s hands, with a moderate flexion at the poll. Horses may be ridden with light contact or on a reasonably loose rein. The horse should cross the log both at the jog and the lope without breaking gait or radically changing stride.

3. The judge will select one of the four patterns to be performed. The judge is responsible for the pattern being correctly set.

4. On the pattern:

a. The eight small circles represent pylon markers which are recommended. These should be separated by a uniform measured distance of not less than 30 feet or more than 50 feet on the sides with five markers (see diagram). In pattern one, the three markers on
the opposite side should be set adjacent to the appropriate markers. It is recommended that markers be set a minimum of 15 feet from the fence and with 50 to 80 feet width in the pattern, as the arena permits.

b. A solid log or pole should be used and be a minimum of 8 feet in length.

c. The long serpentine line indicates the direction of travel and gaits at which the horse is to move. The shaded area represents the lead changing area between the markers. The dotted line (...) indicates walk, the dash line (---) jog and the solid line (___) lope.

d. A cone shall be placed along the wall or rail of the arena to designate where the exhibitor should initiate the walk. The on-deck exhibitor should not go to the start-cone until the contestant on pattern has cleared the working area by the start cone for the final time.

5. Scoring will be on a basis of 0-100, with 70 denoting an average performance.

a. Scoring guidelines to be considered: points will be added or subtracted from the maneuvers on the following basis, ranging from plus 1.5 to minus 1.5: -1.5 extremely poor, -1 very poor, -.5 poor, 0 average, +.5 good, +1 very good, +1.5 excellent. Maneuver scores are to be determined independently of penalty points.

6. A contestant shall be penalized each time the following occur:

Five (5) points
1) Out of lead beyond the next designated change area (note: failures to change, including cross-cantering. Two consecutive failures to change would result in two five (5) point penalties).
2) Blatant disobedience including kicking out, biting, rearing, and bucking

Three (3) points
1) Not performing the specific gait (jog or lope) or not stopping when called for in the pattern, within 10 feet of the designated area
2) Simple change of leads
3) Out of lead at or before the marker prior to the designated change area or out of lead at or after the marker after the designated change area
4) Additional lead changes anywhere in pattern (except when correcting an extra change or incorrect lead)
5) In pattern one, failure to start the lope within 30 feet after crossing the log at the jog
6) Break of gait at walk or jog for more than two strides
7) Break of gait at the lope

One (1) point
1) Hitting or rolling log
2) Out of lead for more than one stride either side of the center point and between the markers
3) Splitting the log (log between the two front or two hind feet) at the lope
4) Break of gait at the walk or jog up to two strides
One-half (½) point
1) Tick or light touch of log
2) Hind legs skipping or coming together during lead change
3) Non-simultaneous lead change (front to hind or hind to front)

Disqualified - 0 score
1) Illegal equipment
2) Willful abuse
3) Off course
4) Knocking over markers
5) Completely missing log
6) Major refusal - stop and back more than 2 strides or 4 steps with front legs
7) Major disobedience or schooling
8) Failure to start lope prior to end cone in pattern #1
9) Failure to start lope within 30 feet of designated area in patterns 2, 3, 4, and 5.
10) Four or more simple lead changes and/or failures to change leads
11) Overturn of more than 1/4 turn
12) Faults, which will be cause for disqualification: head carried too low (tip of ear below withers consistently), over flexing or straining neck in head carriage so the nose is carried behind the vertical consistently.

Credits
1) Changes of leads, hind and front simultaneously
2) Change of lead near the center point of the lead change area
3) Accurate and smooth pattern
4) Even pace throughout
5) Easy to guide and control with rein and leg
6) Manners and disposition
7) Conformation and fitness

The following characteristics are considered faults and should be judged accordingly in maneuver scores:

1) Opening mouth excessively
2) Anticipating signals
3) Stumbling
4) Head carried too high
5) Head carried too low (tip of ear below the wither)
6) Over-flexing or straining neck in head carriage so the nose is carried behind the vertical
7) Excessive nosing out

7. One of the current AQHA Western Riding Patterns 1 through 5 (not including the Green Western Riding patterns) will be selected and available at the show.
REINING

1. Each contestant will perform the required pattern individually and separately. All horses will be judged immediately upon entering the arena, and judging will cease after the last maneuver. Any fault incurred before beginning a pattern will be scored accordingly.

2. To rein a horse is not only to guide him, but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control. All deviations from the exact written pattern must be considered a lack of or temporary loss of control, and therefore faulted according to severity of deviation. Credit will be given for smoothness, finesse, attitude, quickness and authority in performing the various maneuvers while using controlled speed.

3. Scoring will be on the basis of 0-Infinity, with 70 denoting an average performance. The individual maneuvers are scored in ½ point increments from a low of -1½ to a high of +1½ with a score of 0 denoting the maneuver that is correct with no degree of difficulty.

4. The following will result in no score:
   1) Abuse of an animal in the show arena and/or evidence that an act of abuse has occurred prior to or during the exhibition of a horse in competition
   2) Use of illegal equipment, including wire on bits, bosals or curb chains
   3) Use of illegal bits, bosals or curb chains; when using a snaffle bit, optional curb strap is acceptable; however curb chains are not acceptable
   4) Use of tack collars, tie-downs or nose bands
   5) Use of whips or bats
   6) Use of any attachment which alters the movement of or circulation to the tail
   7) Failure to provide horse and equipment to the appropriate judge for inspection
   8) Disrespect or misconduct by the exhibitor
   9) Closed reins are not allowed except as standard romal reins

5. A rider may untangle excess rein at any place a horse is allowed to be completely stopped during the pattern, where excess rein may prevent the rider from continuing the pattern. The rider’s free hand may be used to hold romal in the normal fashion.

6. The following will result in a score of 0:
   1) Use of more than index or first finger between reins
   2) Use of two hands (exception in Snaffle Bit or Hackamore classes designated for two hands) or changing hands
   3) Improper use of romal
   4) Failure to complete pattern as written
   5) Performing the maneuvers other than in specified order
   6) The inclusion of maneuvers not specified, including, but limited to
      a) Backing more than 2 strides
      b) Turning more than 90 degrees
   7) Equipment failure that delays completion of pattern, including dropping a rein that contacts the ground while horse is in motion
   8) Balk ing or refusal of command where pattern is delayed
9) Running away or failing to guide where it becomes impossible to discern whether the entry is on pattern
10) Jogging in excess of one-half circle or one-half the length of the arena
11) Over-spins of more than 1/4 turn
12) Fall to the ground by horse or rider

Neither a No Score nor a 0 is eligible to place in a go-round or class.

7. The following will result in a reduction of five points:
   1) Spurring in front of cinch
   2) Use of either hand to instill fear or praise
   3) Holding saddle with either hand
   4) Blatant disobedience including kicking, biting, bucking, rearing, and striking

8. The following will result in a reduction of two points:
   1) Break of gait
   2) Freeze up in spins or rollbacks
   3) On walk-in patterns, failure to stop or walk before executing a canter departure
   4) On run-in patterns, failure to be in a canter prior to the first marker
   5) If a horse does not completely pass the specified marker before initiating a stop position

9. Starting or performing circles or eights out of lead will be judged as follows:
   Each time a horse is out of lead, a judge is required to deduct one point. The penalty for being out of lead is accumulative, and the judge will deduct one penalty point for each quarter of the circumference of a circle or any part thereof that a horse is out of lead. A judge is required to penalize a horse one-half point for a delayed change of lead by one stride.

10. Deduct ½ point for starting circle at a jog or exiting rollbacks at a jog up to two strides. Jogging beyond two strides, but less than ½ circle or ½ the length of the arena, deduct two points.

11. Deduct ½ point for over or under spinning up to 1/8 of a turn; deduct 1 point for over-or under-spinning from 1/8 to 1/4 turn.

12. A ½ point penalty deduction will be given for failure to remain a minimum of 20 feet from the wall or fence when approaching a stop and/or rollback.

13. In patterns requiring a run-around, failure to be on the correct lead when rounding the end of the arena will be penalized as follows: for ½ the turn or less, one point; for more than ½ turn, two points.

14. Faults against the horse to be scored accordingly, but not to cause disqualification:
   1) Opening mouth excessively when wearing bit
   2) Excessive jawing, opening mouth or head raising on stop
   3) Lack of smooth, straight stop on haunches, bouncing or sideways stop
4) Refusing to change leads
5) Anticipating signals
6) Stumbling
7) Backing sideways
8) Knocking over markers

15. Faults against the rider to be scored accordingly, but not to cause disqualification:

1) Losing stirrup
2) Failure to run circles or figure eights within the markers is not considered a fault depending on arena conditions and size; however, failure to go beyond markers on rollbacks and stops is considered a fault.

16. While horse is in motion, rider’s hands shall be clear of horse and saddle.

17. Current AQHA Reining patterns will be selected from and available at the show.

SOUTHERN REGIONAL 4-H HORSE CHAMPIONSHIPS
RANCH HORSE DIVISION

PERSONAL: Clothing should be clean and neat. Shirts with a collar and long sleeves are required along with Western boots.

TACK: Western saddles will be used. A mechanical hackamore or other bridles can be used. However, the judge or appointed equipment official may prohibit the use of bits or equipment considered to be severe. Nosebands and tie-downs are permitted in roping events; however, these cannot have any bare metal in contact with the horse’s head.

General Breakaway and Tie Down Roping Rules

1. Contest must have 2 (two) judges—a Field Judge to flag the finish of a run and a Barrier Judge.

2. The horse must start from behind an automatic barrier. Length of score line will be adjusted to fit arena conditions and shall not exceed one foot per 20 feet of arena length.

3. If a calf gets out of the arena, timers will stop the watches when flagman signals and roper will get the same calf back. Roper will be given lap and tap start with time expired when calf got out added to this time.

4. Types of bridles or other equipment used are optional choices of the contestant; however, officials may prohibit use of any equipment they may consider excessively severe. Tack collars or tie down with bare metal in contact with the horse’s head are prohibited.

5. Suitable calves as uniform as possible are needed. Judges and officials will eliminate any uneven calves. All calves must have been run at least once before the contest begins.

6. Working order will be drawn for all ropers. Failure to rope in drawn working order will be grounds for disqualification.
7. Calves will be gate cut. The same person must open the gate and tail the calves for all contestants in a go-round. No assistance will be allowed in the arena, including the box. Only show officials and exhibitors are permitted in the arena during competition.

8. Calves may be roped more than once in a go-round.

9. A Barrier judge will be designated before the contest. If the horse breaks the barrier as a result of starting too soon, the roper will be fined a 10-second penalty. If any part of the barrier fails to work and such failure results in disadvantage to roper, roper may request calf over at discretion of Barrier judge, if he/she declares him/her-self immediately. Once calf is roped at, no roper will receive calf over because of equipment failure. Decisions of the Barrier judge are final.

11. These are timed events. The same common Professional Rodeo Cowboy’s Association conditions and standards which apply to breakaway and tie down roping apply in this contest.

**BREAKAWAY ROPING**

1. This is a timed event with a 45-second time limit per exhibitor.

2. Two loops will be permitted. One or two ropes are to be tied to the saddle horn by a heavy string (furnished by show management) in such a manner as to allow the rope to be released from the horn when the calf reaches the end of the rope. A visible cloth (any color) must be attached to the rope at the saddle horn to make it easier for the Flag Judge to see it break free. No more than three (3) feet of tail (rope) shall hang from the saddle horn.

3. Should the roper desire to use a second loop, he/she may either recoil if carrying only one rope, or use a second rope tied to the saddle horn. If the second loop falls loose, it cannot be rebuilt.

4. The contestant may free his/her first rope from the horn after a miss, before getting his/her second loop ready if he/she wishes.

5. The contestant shall receive no time should he break the rope from the horn by hand or touch the rope or string after the catch is made. If the rope dallies or will not break free when the calf reaches the end of it, the contestant will receive no time.

6. Time will be called from drop of flag at barrier to the break of rope string from the saddle horn. A legal catch is a loop that goes around the calf’s head and draws up on any part of the body, causing the rope to break from the saddle horn. Roping the calf without releasing the loop from the hand is not permitted.

7. The contestant shall not attempt to rope the animal until the barrier flag has been dropped. Any attempt by a contestant to position his horse behind the barrier, enabling the contestant to rope the calf without leaving the barrier or box, shall be considered a disqualification.

8. Rope may not pass through bridle, tie down, neck rope or any other device.
9. A judge may, at his/her discretion, use the ring steward and other show officials to assist as Barrier Judges to help determine legal catches or any rule infractions.

TIE DOWN ROPING

1. Contestant must catch calf, dismount, go down the rope, throw the calf by hand, cross and tie any three legs.

2. If a calf is down when roper reaches it, calf must be stood on a least three feet and re-thrown. If roper’s hand is on calf when calf falls, calf is considered thrown by hand. Rope must stay on calf until roper gets hand on calf. Tie must be finished with half hitch or “hooey.”

3. Tie must hold for five seconds after roper gives slack to calf and then must be passed on by the Field Judge. Roper will be disqualified if he touches calf after he/she signals the finish of a tie. No person may touch the calf until the Field Judge evaluates the tie.

4. If a tie comes loose or the calf gets to its feet before the tie has been examined and ruled a fair one, the roper will receive no time.

5. Any catch on any part of calf with rope will be considered legal.

6. A Barrier Judge will be designated before the contest. If the horse breaks the barrier as a result of starting too soon, the roper will be fined a 10-second penalty. If any part of the barrier fails to work and such failure results in disadvantage to roper, roper may request calf over, at discretion of the Barrier Judge, if he/she declares him/her-self immediately. Once calf is roped, no roper will receive calf over because of equipment failure. Decisions of the Barrier Judge are final.

7. Two loops will be permitted. Contestants have 45 seconds from the break of the barrier to throw two loops. Time is to continue up to a maximum of 90 seconds if the calf is roped during the 45 second roping time allotment. Should the roper desire to throw a second loop, he/she may recoil rope or use second rope tied to the saddle. If a roper misses with two loops, he/she must retire from the arena and no time will be allowed. Roper must release loop from hand when calf is roped.

8. A foul (neck) rope is mandatory. The rope must be run through a foul (neck) rope around the horse's neck, and may, at the discretion of the rider, be run through a “keeper.” If a “keeper” is used, it must be attached to the nose band of the tie-down and cannot be attached to the bit or bridle. Contestant must adjust rope and reins in a manner that will prevent horse from dragging calf. If a horse drags a calf, judges may stop horse, and roper may be disqualified.

9. Jerk lines are permitted.
RANCH ROPING
The idea of this class is to show the ability of the horse and rider's skill in handling cattle as if they were doctoring injured or sick cattle. Cattle should be handled as calmly and slowly as possible. The judge should judge this class as if the cattle belonged to him or her. Entry does not have to separate the cow from herd and should not receive credit for separation from herd. If the cow is separated from the herd there should be no excessive running or cutting of the cow.

1. This is a judged event with a 2 minute time limit. There shall be a 30 second warning given prior to the end of the run. The rope must be thrown and the contestant may rebuild and throw an unlimited number of loops. No credit will be given for additional loops after a successful catch of any part of the animal. The honda on the rope used must be of a breakaway design.

2. The arena for this event will be shortened with the addition of portable panels. The exhibition area should be normal width of the arena (usually 100 to 150’) by 60’ – 75’. Horse and rider must start from an entrance gate which will be opposite from where ten (10) calves/yearlings are held as a herd with each bearing a number 0 - 9. A random draw will be used to select the calf to be roped, which will be announced to the contestant when the horse enters the arena gate.

3. The show committee will provide 2 herd holders. The sole duty of the herd holders is to settle the cattle between runs.

4. The contestant must make a legal catch (both horns, half head or around the neck) of the designated calf and dally up. When the calf breaks free from the honda, the Flag Judge will signal the end of the run.

5. Scoring will be on the basis of 0 to 100, with 70 denoting an average performance.

6. Each maneuver will be scored from a plus three to minus three in ½ point increments.
   - Ability to sort
   - Rating
   - Stopping
   - Ability to rope out of the herd without disturbing other cattle
   - Dallying

7. Penalties
   A. Ten (10) point penalty
      (1) Roping any portion of the cow other than the head/neck.
   B. Five (5) point penalty
      (1) Multiple loop run (penalty may be assessed for each rebuild with a maximum of 15 points taken)
      (2) Loss of cow (re-cut in the herd)
(3) Excessive running/scattering of the herd
(4) Blatant disobedience including kicking, biting, rearing or striking

C. Three (3) point penalty
   (1) Holding cut too long without roping

D. One (1) point penalty
   (1) Loss of working advantage

E. Zero (0) score / DQ
   (1) Running into or over cattle
   (2) Schooling
   (3) Whipping or hitting horse with rope
   (4) Thrown from horse
   (5) Fall to ground
   (6) Loss of rope
   (7) Bucking
   (8) Roping wrong cow
   (9) Roping more than 1 cow with the same loop

WORKING COW HORSE WITH BOXING ONLY

1. This class consists of two parts scored separately. The exhibitor shall perform the designated cowhorse pattern (reined work) and then call for their cow for the boxing portion (cow work). An exhibitor’s final score will be the sum of the two portions.

2. Scoring will be on the basis of 0 to 100, with 70 denoting an average performance. The same basis of scoring shall apply to both the reined work and cow work. In the event of a tie, the entry with the highest cow work will be declared the winner.

3. Both the cow work portion of this event and the reined work portion are mandatory. Scoring emphasis on the cow work portion shall be based on the horse maintaining control of the cow at all times, exhibiting superior cow sense and natural cow working ability without excessive reining or spurring. Failure of an exhibitor to attempt to complete the cow work portion of the class, as well as the reined work, will result in the exhibitor being disqualified and not eligible for placing. A horse which attempts to complete the cow work and has not been disqualified will be scored accordingly by the judges. A horse going off pattern in the reined work will receive a score of zero. A horse which attempts both the reined work and the cow work portion may be placed, even if disqualified in one portion of the class. (Example: if a horse is disqualified and receives a 0 score for the reined work, but scores a 70 for the cow work, its total score would be a 70 and the horse would be eligible for placing.) However, the fall of a horse and rider being judged shall be cause for disqualification and not eligible for placing.

4. Reined Work
A. The approved pattern will be used and each contestant will cause his horse to travel at the gait indicated for each part of the pattern. When judging reined work, the judge should refer to the reining portion of the AQHA handbook for guidelines.

B. Any of the approved AQHA working cow horse patterns may be used. One of those patterns is to be selected by the show management of the class and used by all contestants in the class.

5. Cow Work

A. Boxing the Cow – The rider will face the cattle entry gate. The rider shall signal for their cow to be turned into the arena. Each contestant upon receiving a cow in the arena, shall hold that cow on the prescribed end of the arena for 50 seconds, demonstrating the ability of the horse and rider to control the cow. Time shall begin when the gate closes behind the cow after being let into the arena. The announcer or judge will signal the completion of the 50 seconds with a whistle or horn. If the cow does not immediately challenge the horse, the rider shall aggressively move in on the cow to demonstrate his horse’s ability to drive and block the cow on the entry fence. There shall be no schooling between the completion of the rein work and the cow work, or between cows if a new cow is awarded.

B. The judge should take into consideration the size of the arena, condition of ground and the disposition and degree of difficulty exhibited by the cattle worked.

C. Horse should keep working until judge blows whistle. If exhibitor quits working before the judge blows the whistle a score of 0 will be given.

D. The entry shall be penalized in the boxing portion for:

(1) Five (5) Point Penalties
   a. Deliberate spurring or use of the romal forward of the cinch

(2) Three (3) Point Penalties
   a. Biting or striking the cow
   b. Knocking down the cow without having a working advantage

(3) Two (2) Point Penalties
   a. Loss of working advantage

(4) One (1) Point Penalties
   a. Slipping a rein
   b. Exaggerated opening of mouth;
   c. Nervous throwing of head;
   d. Halting or hesitation while being shown, particularly when being run out, indicating anticipation of being set up;
   e. Touching the horse or saddle with the free hand except during the cow work portion of the class, where the rider may hold onto the horn.

(5) Zero (0) Score
   a. Turn tail
   b. Fingers between the reins
   c. Leaving the work area before the pattern or work is complete
d. Any horse that is out of control while working the cow, thus endangering the rider (i.e. crossing the path of the cow) shall be called off the cow.

e. Any horse that runs over the cow, thus causing the fall of horse and/or rider, shall terminate the work at that time.

f. During the cow work, use of two hands on the reins, except with junior horses ridden two-handed in a bosal or snaffle bit

g. The judge may blow his whistle at any time to terminate the work, a score of zero will be charged if the work is not complete at that point

E. If time and number of cattle permit, the judge may, at his discretion, award new cattle, to enable the contestant to show his horse’s ability on the cow, based on the following criteria:

(1) The cow won’t or can’t run
(2) The cow runs blind or won’t yield to the horse
(3) The cow leaves the arena

RANCH RIDING

1. Ranch Riding serves to measure the ability of the horse to be functional and a pleasure to ride at a working speed while being used as a means of conveyance from one western stock horse task to another. This horse should be well-broke, relaxed, quiet, soft, and cadenced at all gaits. The horse should be responsive to the rider, yield to contact, and make all required transitions smoothly, timely and correctly. The horse should perform with reasonable speed, and be obedient, well-mannered, free, and easy moving.

2. Class consists of pattern work which is ridden individually. For each maneuver, the horse is judged on quality of gaits, response to the rider, manners, and disposition.

3. A horse will be given credit for traveling with his head held in a normal position, ears alert and moving at a natural speed for the gait requested. The horse should be ridden on a relatively loose rein with light contact and without requiring undue restraint. Excessively long floppy reins will not be given extra credit.

4. Tack and Equipment: Ranch work equipment and attire is recommended, but show equipment and attire will not be penalized. Roping reins or reins with romal are permitted.

5. Use of hands: Only one hand may be used on reins and hands must not be changed. Reins may be held in any manner. Two hands may be used when using a snaffle bit or bosal on a horse or pony 5 years of age or younger.
There will be one pattern which will be used for all shows. The class may be conducted inside or outside of an arena. Markers shall be setup to designate where gait changes should occur.

To break ties or to resolve close placings, the judge, at his/her discretion, may require designated contestants to work on the rail or repeat any portion of the pattern.

Part of the evaluation of this class is on smoothness of transitions. All transitions should be smooth without undue exaggeration or resistance from the horse.

Description of Ideal Gaits – The ideal ranch riding horse will have a natural head carriage at each gait – neither too high nor too low.

A. Walk – The walk should be straight, square, flat footed, relaxed with the horse moving out freely and looking ahead

B. Trot – This gait should be a square two-beat diagonal trot. The trot should be steady, soft and slow enough for riding long distances. Trots which are rough and hard to sit should be penalized. Excessively slow and uncadenced trots should also be penalized.

C. Extended Trot – The extended trot should show an evident lengthening of stride from the regular trot with the same cadence that will cause an increase in speed. This trot should be level, flat and steady with the appearance that the horse could hold this gait for an extended distance.

D. Natural Gait and Extended Natural Gait – Non-trotting horses should perform their natural gait where a trot is indicated and show a distinctive difference in speed of that gait where an extended trot is asked. The natural gait should be smooth and appear effortless for riding long distances.

E. Lope – This gait should be a three beat gait that is cadenced, straight and steady and is comfortable to ride over long distances. Excessively slow or 4 beat lope should be penalized.

F. Extended Lope – The extended lope should be an obvious lengthening of stride from the previous lope, be at the same cadence and cause an increase in speed. The gait needs to be steady, quiet, and maintaining the increased speed while being under control.

G. Stop (from both lope and trot) – The horse should be in the correct stopping position – both hocks engaged and stopping on the hindquarters.

H. Reverse – A horse should turn briskly and flat with front feet, while holding an inside rear pivot foot.

I. The extended trot may be ridden with the rider either posting or standing in the stirrups to the front of the saddle. Holding the saddle horn is permissible, at this
gait, as might be done in open terrain. When transitioning from the extended trot to
the lope, it is permissible to take the horse back a bit (collecting) before loping.

10. There are a series of maneuvers worth 10 points each. Point ranges are defined as follows:

A. 10 points – Excellent performance. High quality mover.
B. 8-9 points – Above average performance. High quality mover.
C. 7 points – Average performance
D. 6 points – Below average performance, minor error, i.e. not performing gaits at
designated marker, lack of control, break of walk/trot for 1-2 strides.
E. 4-5 points – Major error, i.e. break of walk/trot for more than 2 strides, missed but
corrected lead.
F. 1-3 points – Major disobedience, i.e. bucking, kicking out, wrong lead not corrected.
G. Disqualification:
   1) Off pattern.
   2) Touching horse with free hand.
   3) Illegal equipment.
   4) Equipment failure that delays completion of pattern.
   5) Use of two hands (except for junior horses shown with hackamore or snaffle
      bit) or changing hands on reins.

**RANCH TRAIL**

1. This class is designed to show the horse’s ability to navigate and cope with the various
   situations and obstacles encountered in everyday ranch work. It is designed to show a
   horse’s ability to perform these obstacles with a willing attitude. The horse is judged on
   cleanness and promptness with which the obstacles are negotiated, ability to negotiate
   obstacles correctly, and attitude and mannerisms exhibited by the horse while negotiating
   the course.

2. Whenever possible, realistic or natural obstacles should be used. The course can be laid
   outside of the arena using natural terrain. However, if a ground tie is specified in the
   course, the course must be set up in an enclosed arena.

3. The judge must walk the course and has the right and duty to alter the course in any
   manner. The judge may remove or change any obstacle he deems unsafe or non-negotiable
prior to the start of the class. If at any time a trail obstacle is deemed to be unsafe by the
judge, it shall be repaired or removed from the course. If it cannot be repaired and horses
have completed the course, the score for that obstacle shall be deducted from all previous
works for that class.

4. At least two or three obstacles will be designated as tie breakers and shall be selected prior
to the beginning of the competition. One of the mandatory obstacles should be used as the
first tie breaker.

5. Tack and Equipment:
   A. Ranch work equipment and attire is recommended, but show equipment and attire
      will not be penalized.
   B. Wearing gloves, leather or fabric, is optional. Roping gloves may be worn for the
duration of the class or may be worn only for the roping and log drag obstacles.
   C. Roping reins or reins with romal are permitted, but must be used with a snap
      attachment if a ground tie is in the course.

6. Use of hands: Only one hand may be used on reins and hands must not be changed,
   except to work with an obstacle. Reins may be held in any manner. Two hands may be used
   when using a snaffle bit or bosal on a horse or pony 5 years of age or younger.

7. The horse will be shown at a ground-covering walk, trot (or natural gait), and lope between
   the obstacles and credit will be given for performing these gaits on the correct lead with an
   alert attitude. The walk may be judged as part of an obstacle. Between obstacles, at least
   30 feet should be allowed for the trot, and at least 50 feet for the lope. Gaits between
   obstacles will be scored as part of the next obstacle.

8. Extending the trot or natural gait may also be asked. The extended trot may be ridden with
   the rider either posting or standing in the stirrups to the front of the saddle. Holding the
   saddle horn is permissible, at this gait, as might be done in open terrain.

9. No additional credit will be given for unnecessary/additional maneuvers (such as sidepassing
to and from an obstacle).

10. The judge may ask a rider to move on to the next obstacle if the horse/rider is unable to
    complete the maneuver in a reasonable time or if the judge deems that the rider is, or will
    be, in an unsafe situation. The judge may also ask the rider to move on after a third refusal
    at an obstacle.

   A. A rider will lose 15 points if an obstacle is attempted and not completed.
   B. The maximum points a rider can lose on any one attempted obstacle is 15 points.
11. A rider may elect to skip an obstacle without disqualification. He/she may do so with the judge assigning a 20 point penalty.

12. Scoring will be on the basis of 0-infinity, with 70 denoting an average performance. Each obstacle will receive an obstacle score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each obstacle will be scored on the following basis, ranging from plus 1 ½ to minus 1 ½: -1 ½ extremely poor, -1 very poor, -½ needs improvement, 0 correct, +½ good, +1 very good, +1 ½ excellent. Obstacle scores are to be determined and assessed independently of penalty points. Penalties should be assessed per occurrence as follows:
   A. One-half (½) Point
      1) Each tick of log, pole, cone, plant, or any component of the obstacle.

   B. One (1) Point
      1) Each bite of or hit of or stepping on a log, cone, plant or any component of the obstacle.
      2) Incorrect or break of gait at walk or jog for two strides or less.
      3) Both front or hind feet in a single-strided slot or space at a walk or jog.
      4) Skipping over or failing to step into required space.
         With the nature of the uneven/random spacing of some step-overs, if the horse can navigate the obstacle cleanly without stepping into every little space, that is fine. I.e., not every space in a step-over is a “required” space.
      5) Split pole in lope over.
      6) Incorrect number of strides, if specified
      7) Each step, up to three steps, moved during ground tie or picking up hooves.

   C. Three (3) Points
      1) Incorrect or break of gait at walk or jog for more than 2 strides.
      2) Out of lead or break of gait at lope (except when correcting an incorrect lead).
      3) Knocking down an elevated pole, cone, barrel, plant, obstacle, or severely disturbing an obstacle.
      4) Stepping outside the confines of, falling or jumping off or out of obstacle, with designated boundaries, with one foot.

   D. Five (5) Points
      1) Dropping slicker, log rope, or object required to be carried on course.
      2) Dropping lariat anywhere on course other than after completion of roping obstacle.
      3) Each refusal, balk, or evading an obstacle by shying or backing.
      4) Letting go of gate.
      5) Use of either hand to instill fear or praise.
      6) Stepping outside the confines of, falling or jumping off or out of obstacle, with designated boundaries, with more than one foot.
7) Blatant disobedience (including kicking out, bucking, rearing, striking).
8) Moving more than 3 steps during ground tie or picking up hooves.
(Note: “Holding the saddle with either hand” is a 5-point penalty in Western Trail but is not a penalty in Ranch Versatility Trail.)

E. One (1) to Five (5) Points
Faults, which occur on the line of travel between obstacles, are scored according to severity:
1) Head carried too high
2) Head carried too low (tip of ear below the withers)
3) Over-flexing or straining neck in head carriage so the nose is carried behind the vertical
4) Excessive nosing out
5) Opening mouth excessively

F. Fifteen (15) points
1) Use of two hands (except for junior horses shown with hackamore or snaffle bit) or changing hands on reins. But it is permissible to change hands to work an obstacle.
2) Excessively or repeatedly touching the horse on the neck to lower the head.
3) Failure to ever demonstrate correct gait between obstacles as designated.
4) Failure to complete an obstacle once attempted.
5) Maximum number of points that can be lost on any one attempted obstacle.

G. Twenty (20) points
1) No attempt to work an obstacle.

H. Disqualified 0 – Score
1) Use of romal other than as allowed in Contest Rules, Regulations, and Procedures.
2) Performing the obstacle incorrectly or other than in specified order.
3) Equipment failure that delays completion of pattern.
4) Entering or exiting an obstacle from the incorrect side or direction.
5) Working obstacle the incorrect direction.
6) Riding outside designated boundary marker of the arena or course area.
7) Significant deviation from correct line of travel between obstacles.

13. Six to ten obstacles will be used. Three will be mandatory, and the remaining will be selected from the optional list.
A. Mandatory Obstacles:
1) Opening, passing through, and closing a gate. This gate may not be a rope gate.
2) Log Drag – Horse must be willing to drag a log for a short distance in a straight line. Rider to pick up rope while mounted at point A, and drop rope at point B. Rope may not be tied hard and fast to the saddle horn; dallying is optional. Log size should be roughly the size of a small fence post, suggested maximum weight ~30 lbs. Rope should be securely attached to one end of
the post by either drilling a hole through the post and tying a bowline (or other non-slip knot), or attaching an O-ring and tying a non-slip knot through the ring.

3) Stationary Steer – This obstacle is used to show the willingness of the horse to have a rope thrown from its back. The judge will give credit to the horse that stands quietly while the contestant makes the swing and throw at the stationary steer. Shying from the rope will be penalized, but missing the stationary steer will not be penalized. Rider must provide the rope for this obstacle; rope may be carried in hand, over saddle horn, or affixed to saddle. At the completion of this obstacle, contestant may coil rope and keep for remainder of class, or drop rope at obstacle without penalty.

B. Optional Obstacles:
1) Mailbox – Rider will open and close a mailbox when mounted.
2) Bridge – Horse should walk willingly over a stationary bridge.
3) Slicker – The rider shall show the ability to handle the horse while simulating putting on a slicker. The rider may also be asked to carry the slicker from point A to point B.
4) Walk-over log-L obstacle – Walk over 90° log “L”. Log should be no less than 6” and no more than 12” in diameter. Riders should negotiate this obstacle in a straight line.
5) Step-overs at a walk, trot, or lope – Natural branches, logs, fence posts, etc. which are laid out in seemingly random angles and distances. Distances should be measured only so the set-up is repeatable, but not for uniform spacing or stride length. Obstacles may not be raised and the maximum height of any step-over is 8”.
6) Water hazard – The horse should enter and exit the water hazard in a quiet manner.
7) Back through obstacle – Straight, “L”, or into/out of a marked location.
8) Sidepass – Straight, one direction, may or may not be elevated.
9) Ground Tie – Rider must be able to dismount and walk a minimum of 5 paces away with the horse in a designated spot. If used, this must be the last obstacle of the course (no remount) and class must be held in an enclosed arena. If a rider is using a one-piece rein (romal, roping rein, etc.), it should be unsnapped from the bit on one side while ground-tying.
10) Pick up front feet – The rider must be able to dismount and pick up both front feet in an easy, time efficient manner. If used, this must be the last obstacle of the course (no remount). May be used in succession with ground tie so rider only dismounts once per course.
11) Any other safe and negotiable obstacle which could reasonably be found in everyday ranch work and meets the approval of the judge.

C. If disrupted, the course shall be reset. In the case that an obstacle is used in combination, the obstacle cannot be reset until the contestant finishes the entire combination.

[45]
APPOINTMENTS:

PERSONAL: Clothing should be clean and neat. Shirts with a collar and long sleeves are required along with western boots. All exhibitors are required to wear a properly fitted ASTM/SEI equestrian helmet with a fastened chin harness. It is the responsibility of the exhibitor or the parent or guardian or trainer of exhibitor to ensure compliance. **No exhibitor may be tied, buckled or fastened into the saddle in any manner or by any means during competition. Stirrup, stirrup leathers or any part of the fender should not be attached by any means to the cinch, breastplate, saddle, horse, or anywhere other than where it is normally attached to the saddle.**

TACK: Western saddles will be used. A mechanical hackamore or other bridles can be used. However, the judge or appointed equipment official may prohibit the use of bits or equipment considered to be severe. Nosebands and tie-downs are allowed in speed events; however these **cannot** have any bare metal in contact with the horse’s head.

GENERAL RULES:

1. Each contestant will enter the arena from within a designated area behind the arena gate. Arena conditions and show management will determine where the run will begin and end.

2. The contestant is allowed a running start. Timing shall begin as soon as the horse reaches the starting line and will be stopped when the horse passes over the finish line.

3. A closed gate finish will be used.

4. An electric timer, when accessible, will be the official time. Otherwise, at least two watches shall be used, with the average time of the two watches to be the official time. Starting line markers or electric timers, when possible, shall be placed against the arena fence.

5. The judge may disqualify a contestant for excessive use of a bat, crop, whip, reins or rope anywhere on the horse.

6. In the event of a tie, the horse declared the winner in the runoff must re-run the pattern within two seconds of its original time or the runoff must be held again. Penalty time will not apply to the two-second rule, but will apply to the final runoff time.

7. In the event of show management problems (ie: timer malfunction, etc.), the contestant will receive a rerun. The contestant shall have the option of performing the rerun immediately or electing to move to the end of the class and rerun.

8. No assistance, to either horse or rider, is permitted past the arena gate.

9. All exhibitors are required to wear a properly fitted ASTM-SEI approved equestrian helmet with a fastened chin harness the entire time the exhibitor is in the arena.
BARREL RACING

1. All Speed Events General Rules apply.

2. Barrel Racing is a timed event.

3. The course must be set to fit the arena. The course should be set so that a horse may have ample room to turn and stop. (All barrels are recommended to be at least 21 feet from the fence if possible.)

4. Knocking over a barrel shall carry a five (5)-second penalty. Failure to follow the course shall cause disqualification. A contestant may touch the barrel with his or her hands in Barrel Racing. A superintendent, ring steward or some other official will be designated to rule pattern disqualifications in the absence of the official show judge.

POLE BENDING

1. All Speed Events General Rules apply.

2. Pole Bending is a timed event.

3. The Pole Bending pattern is to be run around six poles. Each pole is to be 21 feet apart, and the first pole is to be 21 feet from the starting line.

4. A horse may start either to the right or to the left of the first pole and then run the remainder of the pattern accordingly.

5. The course must be set to fit the arena. The course should be set so that a horse may have ample room to turn and stop.
6. Knocking over a pole shall carry a five (5)-second penalty. Failure to follow the course shall cause disqualification. A contestant may touch a pole(s) with his or her hands in Pole Bending. A superintendent, ring steward or some other official will be designated to rule pattern disqualifications in the absence of the official show judge.

7. **POLE BENDING PATTERN**

---

**STAKE RACE**

1. All Speed Events General Rules apply.

2. The contestant is allowed a running start. Timing shall begin as soon as the horse’s nose reaches the starting line and will be stopped when the horse’s nose passes over the finish line. Start by crossing midline between the upright markers, run pattern as shown in diagram, and finish by again crossing center line. The contestant starts between the two center markers and runs a pattern around the two end poles. The first run may be either left or right, however, the second turn must be opposite of the first.

3. This is a timed event. If an upright marker is knocked down, there is no time.

4. Upright markers are set 40 feet on either side of the center line. Two upright markers will be placed on the starting line 20 feet apart (10 feet on each side of the mid-line). If an electric timer is used, it is suggested that rubber cones, short enough so as not to interfere with the timer, be used.

5. Contestants must cross start and finish line between the markers. Failure to do so shall result in disqualification.

6. All contestants are eligible to enter in Stake Race.

**ACCEPTABLE STAKE RACE PATTERNS**
SOUTHERN REGIONAL 4-H HORSE CHAMPIONSHIPS
SADDLE SEAT DIVISION

APPOINTMENTS

1. All tack, bits, equipment, shoeing regulations and attire that are accepted in the respective breed association and/or USEF will be permitted.

SADDLE SEAT ENGLISH PLEASURE (Trotting)

1. Class will be judged on manners, suitability and performance of horse at the discretion of the judge. Conformation of the horse may be considered in situations of extremely close performance only.

2. Horses are shown at a flat walk, true two-beat trot, and correct canter with a three-beat cadence both ways of ring, with light contact being maintained with the horse's mouth. Extreme highly animated action is not desired.

3. Horses must back easily and stand quietly.

4. Judge has option to request any additional work.

5. Horses are to be reversed at a halt/walk.

6. Horses entering this class may not show in English Pleasure non-trotting or Saddle Seat Equitation non-trotting.

SADDLE SEAT EQUITATION (Trotting)

1. General:
   a. Judges should note that the required equitation seat should in no way be exaggerated but be thoroughly efficient and most comfortable for riding the type of horse called for at any gait and for any length of time.

   b. Rider should convey the impression of effective and easy control. To show a horse well, rider should show him/herself to the best advantage. Ring generalship shall be taken into consideration by the judge. A complete picture of the whole is of major importance.

   c. Riders will be judged on basic position in the saddle; position and use of hands, legs and seat; ability to control and show the horse and suitability of horse to rider.

   d. Results, as shown by the performance of the horse, are not to be considered more important than the methods used by the rider to obtain those results.
2. Seat - Position of Hands, Legs and Feet:

a. **Basic Position:** To obtain proper position, rider should place himself comfortably in the saddle and find his center of gravity by sitting with a slight bend at the knees but without use of irons. While in this position, adjust leathers to fit. Irons should be placed under ball of foot (neither toe nor home) with even pressure on entire width of sole. Lower legs and feet should be kept reasonably close but not in contact with horse, except when applying aids.

b. **Position In Motion:**
   1. **Walk:** slight motion in saddle.
   2. **Trot:** slight elevation in saddle posting; hips under body not mechanical up-and-down or swinging forward and backward.
   3. **Canter:** close seat; going with horse.

c. **Hands:** Hands should be held in an easy position, neither perpendicular nor horizontal to the saddle and should show sympathy, adaptability and control. The height at which the hands are held above the horse's withers is a matter of how and where the horse carries his head. The method of holding the reins is optional, except that both hands shall be used and reins must be picked up at one time. Bight of rein must fall on the off-side of the horse.

3. **Class Routine:**

a. Each rider will individually perform a given pattern within a set time period. The pattern may be composed of any combination of maneuvers listed in the optional list of test below. Failure to execute or complete the pattern will not be disqualification but shall be scored accordingly. Scores must be posted on completion of the class.

b. The pattern will be posted one hour in advance of the class.

c. The judge will use the individual work scores to determine the top riders which may be requested to perform additional individual work or rail work.

d. Those selected riders (or all riders if the class is small) will be required to work on the rail to determine final placing.

e. Riders selected for rail work will enter the ring in a counterclockwise direction. Riders will proceed at least once around the ring at each gait (walk, trot and canter) and on command, reverse and repeat. Any or all riders may be requested to perform additional work or tests.

f. **Optional List of Tests for Saddle Seat Riders.** Test may include but are not limited to the following:

   (1) Pick up the reins (only in line up).
   (2) Back for not more than eight steps.
(3) Circle at canter on the correct lead.

(4) Figure 8 at the trot, demonstrating the proper change of diagonals. The rider should be on the left diagonal when trotting in a clockwise direction and on the right diagonal when circling counter-clockwise. On the left diagonal, the rider will be sitting in the saddle when the horse's left front leg is on the ground. The rider is on the right diagonal when he is sitting in the saddle when the horse's right leg is on the ground.

(5) Figure 8 at the canter on correct lead, demonstrating a simple change of leads. (A simple change of leads is one in which the horse is brought back into a halt/walk before being restarted in a canter on the opposite lead.) Figures should be started at the center of the two circles so that one change of leads is shown.

(6) Execute a serpentine at a trot and/or canter on the correct lead, demonstrating simple change of lead.

(7) Change leads down the center of the ring or on the rail, demonstrating simple change of lead.

(8) Change diagonals down the center of the ring or on the rail.

(9) Ride without stirrups for a brief period.

g. Horses entering this class may not show in Non-trotting Pleasure or Non-Trotting Equitation.

**Suggested Scoring:** Scoring may be on a basis on 0-100 with 1/2 point increments acceptable, an approximate breakdown follows:

- **90-100:** Excellent equitation including body position and use of aids. Pattern is performed promptly, precisely and smoothly.

- **80-89:** Generally excellent performance with one minor fault in appearance and position of exhibitor or execution of pattern.

- **70-79:** Generally good pattern execution and equitation with one minor fault in precision or execution of pattern (performance), or appearance and position of exhibitor.

- **60-69:** Average pattern that lacks quickness or precision, or rider has obvious equitation flaws that prevent effective equitation, or commits two or three minor faults in the performance or appearance and position of exhibitor.

- **50-59:** One major fault or several minor faults in the performance and/or appearance and position of exhibitor that precludes effective communication with the horses.

- **40-49:** Two major faults or many minor faults in the performance or appearance and position of exhibitor.

- **30-39:** Several major faults or one severe fault in the performance, or appearance and position of exhibitor. Exhibitor demonstrates a complete lack of riding ability or commits a severe fault in the performance or appearance and position of exhibitor.

- **20-29:** Exhibitor commits one or more severe faults in the performance or appearance and position of exhibitor, but does complete the class and avoids disqualification.
SOUTHERN REGIONAL 4-H HORSE CHAMPIONSHIPS
NON-TROTTING DIVISION

ALL Entries in This Division MUST Pass Inspection with the show DQP prior to competing.

GENERAL RULES

1. All tack, bits, equipment, shoeing regulations and attire that are accepted in the respective breed association and/or USEF will be permitted.
2. Rider may ride one handed or two handed, but must not switch from one to the other during the class.

NON-TROTTING PLEASURE (Walking and Spotted Saddle Horses)

This class is limited to Tennessee Walking Horses and Spotted Saddle Horses. All entries padded or unpadded can participate in this class. Padded horses must be shown in accordance with standard shoeing regulations set forth by S.H.O.W.

1. Horses shall be required to perform 2 gaits: flat walk and running walk as appropriate for breed.
2. Horses must back easily and stand quietly.
3. Horses will be judged on manners, suitability and performance.
4. Horses are to be reversed at a walk.
5. Form is not to be sacrificed for speed.
6. Horses entered in this class may not enter the other Non-Trotting Pleasure class.

NON-TROTTING PLEASURE (Other Breeds)

This class will include but is not limited to non-trotting breeds such as the Rocky Mountain Horse, Missouri Fox Trotter, Paso Fino, Racking Horses, etc.

1. Horses shall be shown at the walk and favorite gait or rack.
2. Horses must back easily and stand quietly.
3. Horses will be judged on manners, suitability and performance.
4. Horses are to be reversed at the walk.
5. Form should not be sacrificed for speed.
6. Horses entered in this class may not enter the other Non-Trotting Pleasure class.
NON-TROTTING EQUITATION

This class would include but is not limited to non-trotting breeds such as the Tennessee Walking Horse, Spotted Saddle Horse, Racking horse, Rocky Mountain Horse, Paso Fino, etc. All entries padded or unpadded can participate in this class.

Class Routine:
Horses will be required to perform two gaits (walk and favorite gait). Riders selected for rail work will enter the ring in a counterclockwise direction. Riders will proceed at least once around the ring at each gait, and on command, reverse and repeat.

Test will be performed individually and will include but are not limited to the following:

1. Pick up reins: A quick check on muscular control and sensitivity of hands.
2. Backing
3. Dismount and mount: To be done as quietly and gracefully as possible.
4. Group performance around ring: To check on maneuverability, ring generalship, etiquette and sportsmanship.
5. Individual performance on rail; any or all gaits and test may be required. See rider in motion from both front and rear at all gaits.
6. Ride without stirrups: Any or all gaits may be requested.
7. Perform a figure eight, serpentine or circles of various size and/or speed.

Rider’s seat should be a natural, coordinated and comfortable riding position and should in no way be rigid or exaggerated. A rider should convey the impression of effective and easy control, with the general appearance of being able to ride for a considerable length of time with pleasure. Ring generalship shall be taken into consideration by the judge. The appearance, presentation and alertness of the rider and mount make the overall picture of utmost importance.

8. The judge will use the individual work scores to determine the top riders which may be requested to perform additional individual work or rail work.
9. Those selected riders (or all riders if the class is small) will be required to work on the rail to determine final placings.

Mounting and Dismounting: To mount, take up reins in left-hand and place hand on withers. Grasp stirrup leather with right hand insert left foot in stirrup and mount. To dismount, rider may either step down or slide down. Riders are advised to check their girth for security before mounting.

Hands: The hand(s) should be held in any easy position; waist or elbow high, over pommel, with palms downward, slightly turned toward body, wrist rounded slightly. The hand(s) should be in unison with the horse's mouth, showing adaptability as well as control. How and where the horse carries his head determines the height the hands are held above the horse's withers. Hands and
wrists should be flexible and not held extremely separated. (From the rider's view, then hands should be in a V shape, close enough for thumbs to touch.) The fingers should be closed firmly over reins, but not rigid. Pressure between thumb and index fingers is used to secure. Closed (or crossed) reins shall be used, with one or both hands on the reins, and the bight of the rein should be on the off-side.

Upper arms should fall naturally from the shoulders toward the hipbones and should be flexible. Elbows should not clutch the body, be extended forward or spread away from the body. Hands should be in comfortable waist-level position, depending on how and where the horse carries its head. The use of hands should be smooth and gradual without jerking or pumping at any of the gaits, or in the parked position.

**Basic Position:** To obtain proper position, the rider should sit comfortably in the middle of the saddle and find the center of gravity by sitting with a slight bend at the knees without use of the stirrups. While in this position, have stirrup leathers adjusted to fit so that irons will be under ball of foot with even pressure on entire width of sole and center of iron.

The foot position will be natural and comfortable if the knee and thigh are rolled inward and the heel is slightly lower than the toes. From the front or rear view, the lower leg will be held naturally away from the horse, depending on the anatomy of the rider and the size of the horse. Knee should rest against the saddle.

**Position in Motion:** The position in motion should be natural, coordinated and graceful, attained only with practice. From the side view a straight line can be drawn perpendicular to the ground through the rider's head, neck, shoulder, hip and ankle. The rider's toe should never be anymore forward than the knee, thereby keeping the center of balance directly above the feet and ankles. This basic recommended position should be maintained at all gaits.

**Suggested Scoring:** Scoring may be on a basis on 0-100 with 1/2 point increments acceptable, an approximate breakdown follows:

- **90-100:** Excellent equitation including body position and use of aids. Pattern is performed promptly, precisely and smoothly.
- **80-89:** Generally excellent performance with one minor fault in appearance and position of exhibitor or execution of pattern.
- **70-79:** Generally good pattern execution and equitation with one minor fault in precision or execution of pattern (performance), or appearance and position of exhibitor.
- **60-69:** Average pattern that lacks quickness or precision, or rider has obvious equitation flaws that prevent effective equitation, or commits two or three minor faults in the performance or appearance and position of exhibitor.
- **50-59:** One major fault or several minor faults in the performance and/or appearance and position of exhibitor that precludes effective communication with the horses.
- **40-49:** Two major faults or many minor faults in the performance or appearance and position of exhibitor.
- **30-39:** Several major faults or one severe fault in the performance, or appearance and position of exhibitor. Exhibitor demonstrates a complete lack of riding ability or commits a severe fault in the performance or appearance and position of exhibitor.

[55]
Exhibitor commits one or more severe faults in the performance or appearance and position of exhibitor, but does complete the class and avoids disqualification.

PERSONAL: All exhibitors are required to wear a properly fitted ASTM/SEI equestrian helmet with a fastened chin harness the entire time the exhibitor is in the arena. It is the responsibility of the exhibitor, or the parents or guardian or trainer of exhibitor, to ensure compliance.

Clothing must be neat, clean and appropriate for Hunter classes. Riders should wear coats of any tweed or melton (conservative wash jackets in season), britches of traditional shades of buff, gray, rust, beige or canary (Jodhpur included), high English boots or Jodhpur boots. Dark blue, brown or black approved ASTM/SEI equestrian helmet with fastened chin harness, and stock, tie or choker is required. Spurs of the unrowedeled type, crops or bats are optional. Hair must be neat and/or contained (as in net or braid). Gloves are preferred in equitation classes.

TACK: Clean English forward, hunting or dressage-type saddles. Snaffle, Kimberwick, pelham (two reins) or full bridle, all with a cavesson noseband, is required. Breast plates are optional. Standing martingales are optional in working hunter and equitation over fences. Standing or running martingales are not allowed in all Hunter under saddle classes, but are optional in open jumping. Hackamores and boots or bandages are prohibited except in equitation over fences & open jumping. Draw reins are prohibited in all Hunter classes.

HUNTER UNDER SADDLE

1. The class will be judged on the horse’s way of going, manners and suitability. Conformation of the horse may be considered in extremely close competition only.

2. Horses enter the ring at a trot and are shown on the flat at a walk, trot and canter while maintaining light contact with the horse’s mouth.

3. Horses must work both ways of the ring at all gaits.

4. The judge may ask finalists to extend the trot and/or hand gallop but never more than a safe number of horses to gallop at one time.

5. Horses should back easily and stand quietly. The judge may ask that only the finalists be backed.

6. Large numbers in this class will necessitate elimination heats to accommodate all horses. Finalists from each heat will be called to the center of the arena and identified.

7. Any portion of a class or heat may be placed on the rail for extra work by the judge at any time.
HUNT SEAT EQUITATION ON THE FLAT

1. General:
   Hunt seat equitation on the flat is an evaluation based on the ability of a rider to perform various maneuvers in harmony with their horses. The communication between horse and rider should be subtle.

2. Pattern:
   It is mandatory that the pattern be posted at least one hour prior to the beginning of the class. The pattern should be designed so the majority of exhibitors can perform it in a reasonable amount of time (under sixty seconds). All patterns must include a trot and a canter. Horses’ gaits are to be ridden with the same cadence and speed, as you would see in Hunter Under Saddle. All ties will be broken at the discretion of the judge(s). Failure to complete the pattern will not be a disqualification, but shall be scored accordingly. Riders will not be required to jump.

3. Basic Position:
   a. To mount, take up the reins in left hand and place hand on withers. Grasp stirrup leather with right hand and insert left foot in stirrup and mount. To dismount, rider may either step down or slide down. The size of the rider must be taken into consideration.
   
   b. Hands should be over and in front of the horse’s withers, knuckles thirty degrees inside the vertical. Hands slightly apart and making a straight line from horse’s mouth to rider’s elbow. Method of holding reins is optional, and bight of reins may fall on either side of the neck; however, it is more acceptable for the bight to fall on the off side. However, all reins must be picked up at the same time. The rider should maintain light contact with the horse’s mouth at all times except when standing still.
   
   c. Reins: The rein of a snaffle bridle may be held either outside the little finger or between the third and little finger. The snaffle rein of a pelham or full bridle should be held outside the little finger and curb rein between the third and little finger or between the second and third fingers. In either case, reins should be picked up at the buckles by the right hand, then straightened and separated in correct order by the fingers of the left hand, pulled taut and adjusted to even pressure in both hands.
   
   d. The eyes should be up and shoulders back. Toes should be at an angle best suited to rider’s conformation, heels down, calf of leg in contact with horse and slightly behind the girth. Iron should be on the ball of the foot, but may be under the toe, ball of foot or slightly behind ball of foot.
   
   e. Position in Motion:
      
      1) The walk should be a 4-beat gait with the rider in a vertical position with a following hand.
      
      2) The posting trot: at left diagonal, rider should be sitting the saddle when left front leg is on the ground; at right diagonal rider should be sitting the saddle when right front leg is on the ground; when circling clockwise at a trot, rider
should be on left diagonal; when circling counter-clockwise, rider should be on right diagonal. The rider should close their hip angle to allow their torso to follow the horizontal motion of the horse. The upper body should be slightly in front of the vertical.

3) The sitting trot and canter: At the sitting trot the upper body is only slightly in front of the vertical. At the canter the body should be positioned slightly more in front of the vertical. As the stride is shortened, the body should be in a slightly more erect position.

4) Two point position: The pelvis should be forward, but relaxed, lifting the rider's weight off the horse's back and transferring the weight through the rider's legs. In this position the two points of contact between horse and rider are the rider's legs. Hand should be forward, up the neck, not resting on the neck.

5) Hand gallop: A three-beat, lengthened canter ridden in two-point position. The legs are on the horse's sides while the seat is held out of the saddle. When at the hand gallop, the rider's angulation will vary somewhat as the horse's stride is shortened and lengthened. A good standard at a normal hand gallop should be about 30 degrees in front of the vertical.

4. The judge will score each rider on his/her individual skills and execution of the pattern. Scores may be posted. A test includes but is not limited to the following:
   a) Execute a slow sitting trot, posting trot and/or extended trot.
   b) Back.
   c) Walk from a gallop with emphasis on hands.
   d) Halt from a canter.
   e) Dismount and mount.
   f) Figure 8 at the trot, demonstrating the proper change of diagonals.
   g) Figure 8 at the canter, demonstrating a simple change of leads (a simple change of leads is one in which the horse is brought back to a trot before being restarted in a canter on the opposite lead). Figure 8 should be started at the center of the two circles so one change of lead is shown.
   h) Figure 8 at the canter on the correct leads, demonstrating a flying change of leads. (Change of leads with slowing down to a trot).
   i) Ride without stirrups.
   j) Maintain a counter-canter.
   k) Demonstrate a half-turn on forehand and/or half-turn on the haunches.

5. Riders in semi-finals and finals will be required to work on the rail. Riders shall enter the ring at a walk in a counterclockwise direction. The riders will proceed at least once around the ring at each gait (walk, trot and canter) and on command, reverse and repeat. Riders in heats and semi-finals must work both ways of the ring. Finalists may be asked to work either one or both ways of the ring at the judge's discretion. The riders may be requested to gallop in safe groups and/or perform additional tests. The reverse may be executed by turning either toward or away from the rail.
6. SCORING: Exhibitors are to be scored from 0 to 100 with 70 denoting an average performance. One-half point increments are acceptable. Run content scores will be indicated as follows:

+ = Above Average
(check mark)= Average
- = Below Average

(1) Faults: Faults can be classified as minor, major or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction. An exhibitor that incurs a severe fault avoids elimination, but should be placed below all other exhibitors that complete the pattern correctly. A minor fault can become a major fault and a major fault can become a severe fault when the degree and/or frequency if the infraction(s) merits.

(A) Minor faults
- Break of gait at walk or trot up to 2 strides
- Over/under turn of 1/8 of the prescribed turn

(B) Major faults
- Break of gait, out of lead, missing lead or diagonal for 1-2 strides
- Not stopping within 10 feet of designated area
- Incorrect gait or break of gait at walk or trot for more than 2 strides
- Obvious looking for lead or diagonal
- Over or under turn more than 1/8 of prescribed turn, but not more than 1/4 turn

(C) Severe Faults (avoids disqualification but should be placed below other exhibitors that do not incur a severe fault) include:
- Loss of iron or rein
- Break of gait at canter, out of lead or missing lead or diagonal more than 2 strides
- Lack of contact between rider’s hand and bit
- Touching horse
- Grabbing any part of the saddle
- Cropping or spurring in front of the shoulder
- Kicking at other horses, exhibitors or judge
- Severe disobedience or resistance by horse including, but not limited to, rearing, bucking or pawing.
- Head carried too high
- Head carried too low (such that the poll is below the withers)
- Over-flexing or straining neck in head carriage so the nose is carried behind the vertical
- Excessive nosing out

(D) Disqualifications (should not be placed) include:
- Failure by exhibitor to wear correct number in visible manner
- Willful abuse
- Excessive schooling or training
- Fall by horse or rider
- Illegal use of hands on reins
- Use of prohibited equipment
- Knocking over the cone, going off pattern or working on wrong side of cone
- Failure to follow pattern correctly, including failure to ever execute correct lead or gait where called for
- Overturning more than 1/4 of prescribed turn

Faults, which will be cause for disqualification, except in novice amateur or novice youth classes, which shall be faults, scored according to severity:
(a) Head carried too low (such that the poll is below the withers consistently).
(b) Over-flexing or straining neck in head carriage so the nose is carried behind the vertical consistently.

FINAL SCORING shall be on a basis of 0-100, with an approximate breakdown as follows:

- 90-100 Excellent equitation, including body position and use of aids. Completes pattern accurately, quickly, smoothly and precisely; demonstrates a high level of professionalism.
- 80-89 Above average rider that executes the pattern as well as correct equitation and use of aids. Excellent rider that commits a minor fault.
- 70-79 Average pattern execution and average equitation but lacking adequate style and professional presentation to merit elevating to the next scoring range. Above average rider that commits a minor fault.
- 60-69 Below average pattern that lacks quickness or precision. Rider has obvious position and/or appearance faults that prevents effective equitation. Average rider that commits two minor faults in the performance of the pattern.
- 50-59 One major fault or multiple minor faults in the performance. A rider that demonstrates a lack of riding ability and knowledge of correct body position.
- 40-49 Severe fault, two or more major faults or multiple minor faults in the performance or the exhibitor that demonstrates a lack of riding ability and knowledge of correct body position.
- 10-39 Exhibitor commits more than one severe fault or multiple major faults in performance, exhibits poor riding skills, but completes the class and avoids disqualification.

WORKING HUNTER AND PONY WORKING HUNTER OVER FENCES

1. Horses will be judged on performance, manners, hunting pace, style of jumping, way of moving and suitability for actual use in the hunting field.

2. All horses must be serviceably sound. Horses must be placed on performance before consideration for soundness. Finalists will be jogged in hand past the judge for soundness in order of finish in the same bridle and bit as exhibited in. Any horse showing lameness, broken wind or impairment of vision shall be refused an award at the judge’s discretion.

3. Each horse will individually negotiate a course consisting of at least eight jumps with a minimum of four obstacles. Fifty percent or more of the obstacles must be at least the required height and none may be more than 2” over or under. At least two changes of direction are recommended. The course diagram must be posted one hour before the class is called. Judging will start when the horse enters the arena and ends when the horse leaves the arena.

4. **Fence heights** will be the following:
   A. Hunter Horses (Over 14.2 hands) - 3 feet
   B. Large ponies - (over 13.2 hands and up to 14.2 hands) - 2 feet 6 inches
   C. Medium ponies - (over 12.2 hands and up to 13.2 hands) - 2 feet 3 inches
   D. Small ponies – (not to exceed 12.2 hands) – 2 feet

5. Jumps to be used in the working hunter classes may be selected from the following list but will not be limited to this list:
   a) Brush
   b) Post and rail
c) In and out (post and rails should be spaced 20 feet - 22 feet for small/medium ponies, 22 feet - 24 feet for large ponies and 24 feet - 26 feet apart for horses)

d) White board fence or gate

e) Chicken coop

f) Stone wall

g) Oxer (must be ascending: it is recommended that the back element be 3 inches higher)

h) Aiken

i) Hedge

6. A ground line is required for all obstacles.

7. Judging-General:

a) All classes must be judged on performance and soundness and when indicated, conformation, suitability or manners.

b) Judges must penalize unsafe jumping and bad form over fences, whether touched or untouched.

c) Circling once upon entering the ring and once upon leaving is permissible.

d) When a horse makes two faults at an obstacle, only the major fault on the top element will be scored (exception: refusals count in addition).

e) When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized.

f) At a combination, the faults committed at each obstacle are considered separately. In case of a refusal or runout at one obstacle in a combination, the competitor may rejump the previous as well as the following obstacle.

g) In case of refusal or run-out on an obstacle that contains more than one jumping element (ie: in and out, combination), entry must re-jump all elements of the obstacle.

h) Dismissed contestants will exit promptly.

8. Faults:

   1) Showing an obstacle to a horse
   2) Missing a lead change
   3) Kicking out

9. The following may or may not be considered as faults, depending on their severity and frequency:
   a) Light rubs
   b) Swapping leads in a line
   c) Late lead changes
   d) Excessive show of animation
   e) Adding or eliminating a stride in a line

EQUITATION OVER FENCES

1. The rider’s performance and skills over fences are being judged in this class. Rider’s basic position in the saddle; position and use of hands, legs and feet; ability to control and show the horse and suitability of horse to rider are important; but rider’s skills and execution must be considered.

2. Each rider shall jump a course consisting of at least six jumps. Maximum fence height shall correspond to those listed in Working Hunter rules.

3. The following will result in elimination: fall of horse and/or rider; three cumulative refusals, and/or off course.

4. The following constitute major faults and can be cause for elimination: a refusal, loss of stirrup, trotting while on course when not part of a test, and/or loss of reins.

5. Position: Same as Equitation on the Flat.

6. The judge will score each rider on his or her individual skills and execution of the course.

7. The final riders may be required to perform additional testing to determine the final placing.

OPEN JUMPING

1. Jumpers are scored and placed on a mathematical basis and penalty faults, which includes disobediences, falls and knock-downs.

2. Horses and ponies will compete in the same class.

3. Every course must contain a minimum of ten efforts.

4. Both a starting line at least 12 feet in front of the first obstacle and a finish line at least 24 feet beyond the last obstacle must be indicated by markers (at least 12 feet apart) at each end of the lines. Time shall be taken from the instant the horse’s chest reaches the starting line until it reaches the finish line. Time shall be taken out while a knocked down jump is
being replaced - that is, from the moment the rider gets his mount in a position to retake the jump until the proper authority signals that the jump has been replaced. It shall be the rider’s responsibility to be ready to continue the course when the signal is given.

5. **Class Procedure:**

a) Class will be scored as written in Table II, section 2(b) of the USEF Rules for Jumpers.

b) The first round and first jump-off, if any, are decided by adding together the faults incurred over the course and any penalties for exceeding the Time Allowed. If a competitor has gone clean in the first round, the competitor will, without leaving the ring, upon an audible signal, commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment; however, upon the audible signal to begin his/her round, the competitor is responsible to adhering to the 45 seconds rule. A competitor who leaves the arena after a clear round (before or after the tone) will be considered to have retired from the jump-off. If there are no clean rounds and a tie exists for first place, there will be one jump-off in which time will decide in the event of equality of faults. It is recommended that no more than ten numbered obstacles be included in the first round when the class is scored under this table. At management’s discretion, each exhibitor may have the option of taking part in the jump-off at the completion of their round, or after all exhibitors have completed their first round.

c) All class entries will participate over the posted course.

d) Fences will be set at 1.05 meters (3’5”) in height. 50% of the fences must be set at the required height indicated, within a two-inch variance.

6. **Jumper Courses:**

a) All courses must be set according to USEF standards.

b) Obstacles should be attractive, varied and appropriate to their setting. They and/or their components must be capable of being knocked down and should be neither so light or poorly supported that they fall at a slight touch, nor so heavy or firmly supported that they can hardly be dislodged.

c) All suspended elements (i.e., gates, panels, etc) must be hung not more than 4” from their top edges.

d) At least 3 out of the first 8 efforts must be spreads.

e) There must be at least one change of direction in every course, including jump-off courses.

f) At least one combination must be included in every course.

g) Brush obstacles must have a clearly visible rail placed above or beyond them.
h) Spread obstacles are oxers, a triple bar, or a water jump with a width dimension meeting the width requirements for Level III.

i) Points Not Covered in Rules: Judges have the authority to make decisions on any point not covered in the rules applying to class procedures, scoring, and conduct affecting a class under their jurisdiction.

7. Scoring:
   a) Jumpers are scored on penalties incurred between the starting line and finish line. A competitor, after receiving the signal to begin his/her round, is not being scored until crossing the starting line in the proper manner.
   b) Penalty faults include disobediences, falls, knockdowns, touches and time penalties.
   c) In cases of broken equipment or loss of shoe, the rider must continue if he wishes to avoid penalty, or may retire.
   d) If a competitor jumps an obstacle that has not been reset, or has been reset improperly, due to it being downed by a previous competitor, the weather, or some other factor, the competitor receives no penalty. However, if the competitor knocks down the obstacle he will be penalized accordingly.
   e) Failing to complete-A competitor failing to complete a particular round shall have the reason recorded as follows:
      1) Withdrew (WD) or did not start (DNS) indicated that the competitor failed to enter the arena within one minute of being called. The time for entering the ring must be enforced by management. To prevent unfairness to an exhibitor, management may extend the time for entering the ring.
      2) Retired (RT) indicates the competitor voluntarily retired prior to completing the round.
      3) Eliminated (E or EL) indicates that during their round the competitor was eliminated by the judge for any of the various reasons indicated in these rules.

8. Starting and Finishing: In order to receive a score other than “Withdrew (Did not start)”, “Retired”, or “Eliminated”:
   a) The horse must cross the start line between the markers in the proper direction with the rider mounted. Passing through the starting markers in the improper direction before starting does not incur penalty.
   b) The horse must cross the finish line between the markers in the proper direction and with the rider mounted.
   c) The horse must jump all of the required fences between the start and finish markers.
   d) The horse must not resist for 45 consecutive seconds or take more than 45 seconds to jump the first obstacle after the time of the round has begun or take more than 45 seconds to jump the next obstacle on course.

9. Entering the Arena: Failure to enter the arena within one minute of being called incurs elimination. The time limit for entering the ring must be enforced by management. Management may extend the time limit for entering the ring.

10. Time to Start: An exhibitor will have 45 seconds from the time the judge(s) sound an audible signal to cross between the start markers in the proper direction and start on course. If a competitor does not cross through the start line within the allotted time, the time on course will start when the allotted time expires.
11. Use of Audible Signal: An audible signal (bell, horn, whistle, gong or buzzer) is sounded for the following purposes:
   a) To give the signal to start
   b) To stop a competitor in the event of an unforeseen incident
   c) To interrupt the 45-second period which a rider has to begin the course in the event of an unforeseen incident
   d) To indicate that an obstacle has to be reset before being retaken after it has been knocked down during a refusal
   e) To give the signal for a competitor to continue his/her round after an interruption
   f) To indicate by repeated and prolonged ringing that the exhibitor has been eliminated

12. Timing
   a) Starting and Stopping-time is taken from the instant the horse’s chest reaches the start line, or upon the expiration of 45 seconds following the sounding of the audible tone, until it reaches the finish line. The judge has the right to interrupt the 45-second countdown if unforeseen circumstances occur. Disobediences, falls, etc., occurring between the signal to start and the moment the competitor crosses the starting line in the correct direction are not penalized.
   b) Time out-If as a result of a disobedience a competitor knocks down or dislodges an obstacle or a flag marking the limits of an obstacle, the clock is stopped immediately and remains stopped while the obstacle or flag marking the limits of an obstacle is rebuilt. Regardless of which fence on the course this occurs at, a penalty of four seconds will be added to the time the horse takes to complete the course.
   c) Time out at combinations-If a competitor knocks down or dislodges one of the parts of a combination or a flag marking the limits of an obstacle, and then refuses or runs out at the next park without knocking it down, the clock is stopped as for a knockdown resulting from a disobedience. Regardless of which fence on the course this occurs at, and for each time it occurs on the course, a penalty of four seconds will be added to the time the horse takes to complete the course. Elements knocked down preventing a horse from jumping the next obstacle must be removed.
   d) Time Faults-One (1) time fault will be charged for each commenced second by which the time allowed is exceeded in any class for which time is a factor in scoring.
   e) Exceeding the time limit-Any competitor whose time including penalty seconds which might have been assessed for time-out(s), as described above, exceeds the time limit is eliminated. The time limit is defined as double the time allowed.

13. Disobediences:
   a) Refusal: Stopping in front of an obstacle to be jumped, whether or not the horse knocks it down or displaces it, is penalized as a disobedience. Stopping at an obstacle without knocking it down and without backing, followed immediately by jumping from a standstill, is not penalized. However, if the halt continues, or if the horse backs even a single step or circles to retake the course, a refusal is incurred.
   b) Run-out: Evading or passing the obstacle to be jumped or the finish line or jumping an obstacle outside its limiting markers is penalized as a disobedience.
   c) Resuming the Course: After a run-out or refusal, the competitor must, before proceeding on course, re-jump the obstacle at which the disobedience occurred or be eliminated. If the flag, standard, wing, or obstacle has not been reset when the competitor is ready to jump, he/she must await the signal to start or be eliminated.
   d) Loss of Forward Movement: Halting or stepping backward after crossing the start
line will be penalized as a disobedience.

e) **Circling on Course:** Any form of circle or circles whereby the horse crosses its original track between two consecutive obstacles (start and finish included), or stops advancing toward or turns at least 180 degrees away from the next fence, or finish line, except to retake an obstacle after a disobedience, is considered a disobedience. This is a judgment call.

14. **Falls:**
   a) The first fall of horse or rider results in elimination.
   b) A rider is considered to have fallen when he/she is separated from this horse, which has not fallen, in such a way as to necessitate remounting or vaulting into the saddle.
   c) A horse is considered to have fallen when the shoulder and haunch on the same side have touched the ground or an obstacle and the ground.
   d) A courtesy fence is not permitted following the fall of the horse or rider.

15. **Knockdowns:** An obstacle is considered knocked down when in jumping an obstacle, a horse or rider by contact:
   a) Changes any part thereof which establishes the height of the obstacle or the height of any element of a spread obstacle, even when the falling part is arrested in its fall by some other portion of the obstacle, OR
   b) Moves any part thereof which establishes the height of the obstacle so that it rests on a different support from the one on which it was originally placed.

16. **Off Course:** A competitor is considered off course when he deviates from the course as shown by the diagram and jumps an obstacle prior to rectifying the deviation.

17. **Table of Jumping Faults**
   a) Knockdown of obstacle or standard with any portion of the horse, rider or equipment, when jumping an obstacle
      ......................................................................................................................... 4 faults
   b) Knockdown of automatic timing equipment, other designated markers on start and finish lines, or flags standing alone marking the limits of banks, ditches and water jumps
      ......................................................................................................................... 4 faults
   c) First disobedience (anywhere on course)
      .......................................................................................................................... 4 faults

      .......................................................................................................................... Elimination
   e) Exceeding time allowed (for each second over time allowed)
      .......................................................................................................................... 1 Fault
   f) A horse resisting for 45 seconds, taking more than 45 seconds to jump the first obstacle after the time of the round has begun, or taking more than 45 seconds to jump the next obstacle on course
      .......................................................................................................................... Elimination
   g) Fall of the horse and/or rider
      .......................................................................................................................... Elimination

SOUTHERN REGIONAL 4-H HORSE CHAMPIONSHIPS
OPEN DRESSAGE

APPOINTMENTS:

PERSONAL: All exhibitors are required to wear a properly fitted ASTM/SEI approved equestrian helmet with a fastened harness the entire time the exhibitor is in the arena. Exhibitors should wear a short riding coat of conservative color, with tie, choker or stock tie, breeches or jodhpurs, boots or Jodhpur boots. Gloves are preferred, but not required.

TACK: Any English type saddle (dressage, forward seat, flat or cut-back) may be used. A plain snaffle bridle and a regular cavesson, a dropped noseband, a flash noseband (a combination of a cavesson noseband and a dropped noseband attachment), crescent noseband or a crossed noseband is required. Except for the crescent noseband, buckles and a small disk of sheepskin, the noseband must be made entirely of leather or leather-like material. A padded noseband is allowed. A snaffle bit with a smooth mouthpiece with a solid surface is required. Twisted wire and roller bits are prohibited. A bushing or coupling is permitted as the center link in a double jointed snaffle, however, the surface of the center piece must be solid with no moveable parts. The mouthpiece of a snaffle may be shaped in a slight curve, but ported snaffles are prohibited. Bits may be made with a rubber, plastic or leather covering, but the bit may not be modified by adding latex or other materials.

Martingales, bit guards, any kind of gadgets (such as bearing, side, running, balancing reins, nasal strips, tongue tied down, etc.), any kind of boots (including “easy-boots”) or bandages (including tail bandages) and any form of blinkers, ear muffs or plugs, nose covers, seat covers, hoods are, under penalty of elimination, strictly forbidden. Braiding of the horse’s mane and tail is permitted. False tails are permitted and if used may not contain any metal parts.

Spurs are optional and the shank may be either curved or straight. Straight shanks must point directly back from the center of the spur. Curved shanks must point downward. A dressage whip, no longer than 43.3 inches including lash, may be carried by the rider when mounted.
EXECUTION AND JUDGING OF TESTS:

1. The purpose is to test the rider and horse on the basic principles of dressage competition. The object of dressage competition is the harmonious development of the physique and ability of the horse making it calm, supple, loose and flexible, confident, attentive and keen, thus achieving perfect understanding with its rider. See the USEF Rulebook (www.usef.org) for further explanations of the general principals of dressage competition and the correct gaits and movements.

2. The dressage test used will be selected annually.

3. Arena size may be either 20m X 40m or 20m X 60m.

4. Approximately 5 to 15 minutes will be allowed for each test. The specific time limit will be based on the test selected. **Show management reserves the right to adjust individual ride times under extenuating circumstances.**

5. A competitor who does not enter the arena within 45 seconds after the entry bell or whistle is sounded for his ride shall be eliminated.

6. Tests may be called during the competition. If tests are announced it is the responsibility of the competitor to arrange for a person to announce the test. Lateness and errors in announcing the ride will not relieve the rider from “error penalties”. Announcing the test is limited to reading the movement as it is written once only. However, the repetition of reading of a movement is acceptable if there is reason to doubt that the rider heard the original call.

7. The use of the voice in any way or clicking the tongue is a serious fault involving the deduction of at least two marks from those that would otherwise have been awarded for the movement where this occurred.

8. When a competitor makes an “error of the course” (takes the wrong turn, omits a movement, etc.) the judge warns him by sounding the bell or whistle. The judge shows him, if necessary, the point at which he must take up the test again and the next movement to be executed then leaves him to continue by himself.

9. The score for each movement should first establish the fact of whether the movement is performed insufficiently (4 or below) or sufficiently (5 or above). The scoring scale is:

   10 - Excellent
   9 - Very Good
   8 - Good
   7 - Fairly Good
   6 - Satisfactory
   5 - Sufficient
   4 - Insufficient
   3 - Fairly Bad
   2 - Bad
   1 - Very Bad
   0 - Not executed

10. In the case of a fall of horse and/or rider the competitor will not be eliminated. He will be penalized by the effect of the fall on the execution of the movement being performed and also in the Collective Marks.

11. If during the test (between the time of entry and the time of exit at A) the horse leaves the arena (all four feet outside the fence or line marking the arena perimeter) the competitor is eliminated.
12. Resistance of the horse which prevents continuation of the test for longer than 20 seconds results in elimination.

13. In case of ties the competitor with the highest marks received under Collective Marks shall be declared the winner. When the scores for Collective Marks tie, the judge may be required to decide on the winner after review of both score sheets.

14. In most cases, it is acceptable for a competitor to enter and work in the perimeter area surrounding the arena (not within the arena itself) immediately prior to their ride and after the final salute of the previous competitor.

QUESTION TYPES
1. REGULAR QUESTIONS are worth two (2) points during one-on-one competition, when only one member of each team may respond. The regular question is worth one (1) pt. during OPEN questions, when any member of either team may respond. These questions count toward individual and team scores. All incorrect answers receive a (-1) deduction.

2. TOSS-UP QUESTIONS are worth one (1) pt. and are open for response to any member of either team. The toss-up question is used in the OPEN part of the match. If there is a correct answer to the toss-up question, a bonus question will be attached. Toss-up questions are generally a little more difficult than a regular question, and may have two or three required answers. All answers are required to be correct. The points will count toward individual and team scores. All incorrect answers receive a (-1) deduction.

3. BONUS QUESTIONS will be worth (3) points. They are attached to a correctly answered toss-up question, in the OPEN part of the match. When multiple answers are required, (3) POINTS will be awarded if ALL of the required answers are correct. No points will be awarded or taken away if there is less than the required number of answers, or if there are no correct answers. No part of the bonus question will be repeated, nor will any additional
information be given to the contestants relative to the question. These points will count toward team scores only.

a. A bonus question attached to an unanswered or incorrectly answered toss-up question will be transferred to the next regular open question (which becomes the new toss-up question), until a correct answer is given.

b. The team should allow the moderator to read the complete question. The team will be given ten (10) seconds to confer. The acknowledge will call time at the end of ten (10) seconds. The team captain or designee must then start giving the required number of answers within five (5) seconds. Team members may give answers to the captain/designee during the 30-second answering period.

c. If the match ends with an unanswered bonus question, the bonus question will not be utilized.

4. ONE-ON-ONE QUESTIONS - Regular questions shall be addressed to only one member of each team, beginning with the contestants in the #1 chairs (nearest to control operator) on either team and progressing with subsequent questions going to the contestants in the #2 chairs, #3 chairs, #4 chairs, respectively, until the one-on-one questions are completed. There will be an equal number of one-on-one questions per contestant per match.

a. The moderator shall clearly indicate the start of one-on-one play by announcing the chair number of the contestants' eligible to respond, prior to reading the question.

b. Toss-up/Bonus questions will not be used during One-on-One Competition.

5. RESPONSE PENALTY - If any contestant, other than the designated contestants, responds to a one-on-one or regular question, that contestant/team will lose two (2) points.

a. A contestant that responds more than twice to a one-on-one or regular question directed to another contestant will be replaced at the panel by their team alternate. If an alternate is not available, the remainder of the match will be played with less than a full team, and all one-on-one questions normally addressed to the eliminated contestant will be addressed to the contestant in the opposite numbered chair. This contestant may return to further matches in the contest. A third such penalty will disqualify them from the competition. The (-2) point penalty will continue to apply for 2nd and 3rd offense.

READING AND ANSWERING THE QUESTIONS

1. The moderator will read all questions - identify the type and number of question and designate the chairs eligible to respond when necessary. Five seconds will be allowed for starting a response. If an answer is not given or wrong, the moderator will give the correct answer, and the next question read. If the answer given is the same as or means the same as the expected answer, it will be accepted. If the answer is different than the expected answer, it will be referred to the judges’ panel for decision.

2. Once a contestant activates a buzzer, they must be ACKNOWLEDGED before they can answer the question. After they have been acknowledged, the contestant has five (5) seconds to start a valid answer. First answers will be considered valid answers. It is the responsibility of the acknowledge to determine if an actual answer was started within the 5-second time limit.

3. An acknowledgement penalty of one (-1) point will be deducted from contestant's score and their team if they answer a question before being acknowledged. The first answer given will be accepted as the official answer, including multiple response questions. Repeating the question will not be considered the initiation of the answer. If a question is read to
completion, the judges may ask the contestant to explain, expand, be more specific, or clarify their answer.

4. If a question is INTERRUPTED during the reading of it, the moderator will stop reading as soon as a buzzer is activated. The contestant responding has five (5) seconds AFTER BEING ACKNOWLEDGED, TO BEGIN THEIR ANSWER. If the answer given is correct for the way the question was written, it will be accepted. If the answer given is correct for only the portion of the question heard, but wrong for the way the question was written, the answer will not be accepted. If the question was interrupted, the judges will not be allowed to ask for any type of clarification of the answer given.

5. The judges’ panel will be allowed to verify an answer, or the validity of a question. If verification cannot be made, the question will be replaced.

PLAYING TEAMS AND ALTERNATES
1. Only four (4) contestants shall be seated at the panel at any one time. Seat position must be declared prior to competition and youth must remain in this seat for the duration of the entire contest. The only exception is when an alternate replaces a seated player during a match or the competition. See #2 below.

2. During any match, only one (1) alternate may be replaced at the panel when:
   a. The moderator, team captain, team coach deems it impossible for one of the seated members to continue.
   b. The captain/coach of a team requests the replacement of a team member.

3. The team member removed from a match becomes ineligible to return to that particular match. The team member removed and the replacement member are both eligible to participate in further matches. A five-member team is strongly recommended.

4. Members removed from the game table for disciplinary reasons, may not come back to any more matches in the competition.

DOUBLE ELIMINATION
1. TEAMS - Each team will play in a pre-numbered position, according to the position number drawn by the team captain.

2. A total of two losses will automatically eliminate a team from the competition.

INDIVIDUAL SCORES
1. Scores will be kept for each individual contestant, with the high 10 individual contestants to receive special recognition.

2. Only those contestants who have participated in three or more matches will be considered for the top individual awards.
   a. The high three match scores for each individual will be used in cases where individuals participate in more than three matches.

3. Ties for individual awards will be broken on the basis of:
   - First tie breaker: high average score for the entire contest
   - Second tie breaker: high individual match scores.
   - Third tie breaker: Total number of points earned in the contest.

SCORE KEEPING
1. The point value of correct/incorrect responses, bonuses, penalties are as follows:
2. During the second half of the match, all regular/open questions will be worth one (1) point, open to all members seated at the game table. All toss-up questions will be worth (1) point and all bonus questions will be worth three (3 pts.) if the number of required answers given are correct.

**TEAM PARTICIPATION BONUS**

1. In order to encourage full team participation, each team member will have a bonus card at the game table. When a team member gives a correct response to a one-on-one, regular, or toss-up question, that member will turn their card around to face the score keepers. A bonus worth two (2) points will be awarded to the team, when all four bonus cards face the score keepers. The value of the question (1 or 2 pts.) will also be added to the score of the individual who answered the question, thus making that question worth three (3) or four points depending on the value of the question.

Example: The score keeper will add four (4) pts. to the team score [two (2) pts. for correct answer to a one-on-one question and two (2) pts. for the team bonus]. The contestant will receive the value of the question on their individual score and the team will receive both the individual points and the bonus points on the team score.

a. When an alternate comes to the game table, if a bonus card is showing for that chair, it must be forfeited (turned around) and earned by the contestant coming into the game.

b. When a team bonus has been earned once - the bonus cards will be turned around and the team has an opportunity to earn it again. A team may earn this bonus as many times as possible within a match.

**TIME OUTS**

1. The team captain, coach or any staff member may call for a "time out" for clarification of a rule, score, to seat an alternate, or to allow for any unexpected problem. "Time outs" may be called only after a question has been answered and before the next question starts.

**HOLDING ROOMS**
All teams, alternates, and coaches must remain in the designated holding area until it is their turn to play.

After their round match is played, they must go to an appropriate designated area, until the conclusion of the round in progress.

After the round is completed, all teams/alternates and coaches (not eliminated from the contest) must return to the designated holding area to await their next match.

All coaches in the holding area are responsible for supervision of the teams. These rules are a matter of ethics and require the cooperation of all team members and coaches.

CONTEST PROCEDURES

1. Teams are assembled and seated at their respective panels, with the designated team captain seated in the #1 chair, nearest to the middle or the moderator. Each contestant is given the opportunity to check the equipment.

2. All team members will have a participation bonus card facing the contestant. They will be blank to the scorekeepers until that contestant gives a correct response to a question. At that time the card will be turned around to face the scorekeepers.

3. The designated set of questions for each round is opened by the moderator and verified with the judges’ panel and referee before starting the game. Prior to reading a question, the moderator will announce the number, type of question and the contestants eligible to respond. Each succeeding question will be read in this manner until all of the questions for that match are read. The correct answer will be given for all unanswered questions or wrong answers.

4. Contestants, who respond to a question, will receive the appropriate points applied to a particular question. Appropriate penalties will be deducted as warranted.

5. If the time (five (5) seconds) in which to answer a question elapses without a contestant activating a buzzer, there shall be no loss or awarding of points to either team. After the response time has elapsed, the answer will be given, and the next question read.

6. If the buzzer is activated and an answer is not started within the 5 second allowable time, there will be a minus two (-2) pt. penalty imposed against the contestant who activated the buzzer and their team.

7. If, the judges elect to not use a game question, it must be replaced by another question so that the total number of questions to be asked will remain equal in each match.

INFORMATION SOURCES

1. No source of information is infallible. At times there may be answers given that are in agreement with the recommended reference books, which in fact are erroneous or out of date. Every effort is made to eliminate such questions, however, in the event one slips in, the judges may agree to:

   a. To accept the answer and give an explanation of the correct or up-dated information, for future use of the question.

   b. To accept only the correct answer.

   c. Replace the question to the appropriate contestants.

MATCH TIES
1. In the event of a match tie, it will be broken with five (5) tie breaker questions. If a tie remains the first team to earn a point (or because of a loss of a point by the other team, has a (1) point advantage) will be declared a match winner based on the scores.

2. Tie Breaker points do not get added to individual, team, or team bonus scores. They are used to break match ties only.

TEAM PLACINGS
1. Team awards will be based on the predetermined procedure of play.
2. Every team will participate in a minimum of two matches
3. The rank of teams will be determined on the basis of their position within the double elimination bracket. After two losses, the teams eliminated in the same round will be placed on the basis of the higher scores in the eliminating round: fifth (5th place) to the highest score, sixth (6th place) to the next highest score and so on.

DOUBLE ELIMINATION - TEAMS TIE BREAKERS
- 1st Tie Breaker – Total average of all games played in double elimination games.
- 2nd Tie Breaker – Highest match score in double elimination games.
- 3rd Tie Breaker – Total score of the top two matches in double elimination games.

EQUIPMENT FAILURE
1. It shall be the responsibility of the moderator to assure each contestant that all equipment is operating correctly at the start of each match. Back-up units will also be available.
2. If the device being used ceases to function during a match or is believed to be malfunctioning, a "time out" may be called by any contestant, the staff, or by either coach.
3. If after checking it and it is determined that there is an equipment malfunction/failure the faulty part(s) or unit will be replaced and play resumed.
4. Scores accumulated up to the point of the "time out" shall stand and all further points awarded during the remainder of the match added to or subtracted from this total.
5. If both judges or one judge and the moderator deem it advisable, points awarded for the two (2) questions asked immediately prior to determination of the equipment failure, may be recalled and two (2) additional questions used.
6. Under no conditions shall there be a replay of match in which there was an equipment failure.

TRANSCRIBING QUESTIONS
Transcribing contest questions by any means during the competition is prohibited. There will be no hand-written, typing, recording, computer use, etc. in the contest rooms. Affiliated teams will be eliminated from the competition for violation of this rule.

Copies of the questions will be supplied to the Extension Horse Specialist in each state upon request from Horse Bowl chair.

RECORDERS AND CAMERAS
Recording devices such as tape recorders, video cameras, movie cameras, picture cell phones, etc. are not be used during the competition.

CELL PHONES MUST BE TURNED OFF WHILE IN A CONTEST ROOM.
PHOTOGRAPHS WILL BE PERMITTED ONLY BEFORE OR AFTER A MATCH.

PROTEST/VERIFICATION OF QUESTIONS AND/OR ANSWERS
1. Verification of a question and answer is permissible

2. **ONLY PROTESTS THAT ARE MADE IN A COURTEOUS, RESPECTFUL MANNER WILL BE ACKNOWLEDGED.**

3. Protests must be made before the reading of the next question.

4. An "official" protest of a question or the answer to a question may be called for by a team captain or the official team coaches. The judges and moderator will consider the protest. Their decision in all cases will be final.

5. If an "official" protest is acknowledged, play will be stopped, and the designated officials will consider the protest and make a decision. A (-1) point penalty will be assessed if the protest is not upheld.

6. To sustain a protest, at least two members of the designated judges panel must agree, to keep or replace a question, or to determine the validity of an answer.

7. If the protest is sustained by the officials, the moderator and/or the score keepers will take one of the following actions:
   a. If the question is determined by the officials to be a poor question, it will be replaced and open to a specific chair on each team or to all contestants seated at the game table, depending on the type of question (one on one or open).
   b. If the answer to the question received a call for verification, the designated judges’ panel will determine the validity of the answer. Points will then be awarded or subtracted as appropriate.
   c. If a question was protested after an answer is given, the designated judges panel will determine the validity of the protested question. If the validity of the question is allowed, points will be awarded or subtracted as appropriate. If not, the questions will be replaced.

8. All protests/challenges will be acknowledged by the contest staff.

**ABUSE OF THE PROTEST PROVISIONS**

1. In this competition, every effort will be made to be fair and courteous and understanding to the contestants and the coaches.

2. Abuse of this protest provision by any contestant, or coach, will result in one or more of the following:
   a. Dismissal of team coach from the contest area.
   b. Dismissal (or replacement) of any contestant from the competition.
   c. Dismissal of an entire team from the competition, with forfeiture of points or standing.

**SPECTATORS, PARENTS AND VISITORS**

1. Spectators, parents and visitors may not protest any question, answer or procedure during the contest.

2. Any contestant, coach, family member, friends or spectators, exhibiting UNSPORTSMANLIKE CONDUCT, BEHAVIOR OR ACTIONS DETRIMENTAL TO THE CONTEST, will be subject to dismissal from the immediate contest area.

**GAME OFFICIALS AND EQUIPMENT**

**MODERATOR:** The moderator shall assume the responsibility for reading questions and will acknowledge the chairs that are eligible to respond to One-on-One and open questions, before the
question is read. The moderator will accept all answers that are the same or mean the same as the expected answer to the question. Any answers different than the expected answer will be referred to the judges’ panel that will make the decision to accept or reject the given answer. Occasionally, the moderator may also be designated as the 3rd judge.

**JUDGES’ PANEL:** The judges’ panel will consist of two people, three if possible. One person will be a knowledgeable horse person. If possible, one will be a veterinarian. The 3rd judge could be a Horse Show Judge, or the moderator may be designated as the 3rd judge. It is especially important for the judges to give reasons for not accepting an answer, because the intent of this competition is to make it a unique learning experience for young people of High School grade levels. These young people have made a very strong commitment to this program, and above all, we want to be fair and honest with them. This is an excellent opportunity to further educate them along these lines. The judge’s responsibility will be to rule jointly on the acceptability of any question or answers to all questions. In the event of a challenge to a question/answer, with two judges, either both judges or one judge and the moderator must agree on the acceptability or rejection of any question and/or answer. When there is only one judge, both the judge and the moderator must agree on actions to be taken.

If an answer was not clearly heard, the contestant may be asked to repeat their answer. If a question was read to completion, and the answer given is different than the one expected, if it is technically or logically correct you may accept the answer. If the answer given, is “in the ballpark”, the judges may request the contestant to be more specific, expand, explain, or clarify their answer. If the question was interrupted, the judges may not ask for any kind of clarification. The answer is either correct or incorrect according to the way the question was written.

All answers given must be correct for the way the question is written. An answer may be correct for a portion heard of a question that was interrupted, but wrong for the way the question was written. The judges may not ask any questions, and the answer will be counted as a wrong answer. If the answer is correct for the way the question was written, it will be accepted.

All of the game questions will have a reference code and page number. The required reference books will be available to look up information or to verify answers.

**TIME KEEPERS & CONTROL OPERATOR:** The time keeper will monitor all time intervals and designate when the time of response has been exceeded, and will handle all controls of the game equipment. It is strongly recommended that neither the moderator nor a judge be used as a timekeeper. Since the timekeeper has controls that verify whose light is on, they could also become the acknowledger. It will also be their responsibility at the beginning of the match, to assure each contestant that their equipment is working properly.

**TIME ALLOWED:**
- To start response to a question - 5 seconds
- To start answer after acknowledgement - 5 seconds
- For team to confer on a bonus question - 10 seconds

**CONTEST CHAIR:** The contest chair will have final authority over ALL procedures protests.

**SCORE KEEPERS:** At least three or four individuals shall be used to keep accurate team and individual scores. There will be visual score keepers who will record the team scores on a blackboard, overhead projector or flip chart. Table score keepers (at least two) will keep a written record of the official team and individual scores. The visual scores will be set up so that they are visible to the table score keepers, the contestants and moderator and spectators, if possible. The written record of the scores must match the visual scores and will be the official records of all individual and team scores. A special score sheet will be available for the table score keepers, plus a special sheet for tabulating individual scores.
EQUIPMENT

1. Game Panels- An appropriate device will be used which will provide a clear indication of the first contestant to respond to a question.

2. Time Recorders- A stopwatch, control panel timer, or other appropriate time device will be used.

3. Signal Device- This signal device shall be used by the time keepers and shall have a distinctly different sound for each side, or a device that has a distinct sound and lights that indicate the contestant that is responding when their buzzer is activated. Back up units will be available, in the event of malfunction or failure.

4. Score Keeping Devices- Two devices will be used. A blackboard, a flip chart, overhead projector, or electronic light display, will be used to maintain team scores that are visible to the contestants and score keepers and if possible to the spectators. Special score sheets will be provided for keeping the written official individual and game scores for each match of the contest.

AWARDS

Awards will be announced and presented to the top ten individuals and teams.
