

AGEC/AGBU WEEKLY NEWSLETTER

December 11, 2019

Happy Holidays!

Have a Great Winter

Break!

~AGEC Undergraduate Office~

Dr. Boada, Donna Adcock, Hannah Chavarria,

Rachel Martin, and Donna Chester

Advising appointment information

Please see below for information on meeting with an advisor and our walk-in hours. To schedule an appointment, please use Navigate.

We will not schedule appointments for the week of December 16-20 as we will be busy with grades and new student conferences.

Advisor Appointments Reminder

Students may schedule advising appointments online through the Navigate System.

Please see the attached Navigate information on how to schedule an appointment.

You may still call our office at 979-845-4911 if you have any questions on how to schedule an appointment.

If you have a quick question:

- Email an advisor **WITH YOUR TAMU EMAIL** including your **UIN** and **ALL RELEVANT INFORMATION**
- **Don't email an advisor to set up an appointment, please use the online system.**
- **When emailing an advisor, please include your UIN and use your TAMU official email.**

Reminder:

We will not work on the force list until the end of the fall 2019 semester.

At this time, the best option for an AGECE class that you are unable to register for is to submit either a waitlist or force request.

After submitting your request, please wait patiently. You will be contacted by email regarding your request.

Student Worker Position in Dept. of AGECE

The Department of Agricultural Economics undergraduate office has an opening for a student worker position.

We are looking for someone who can start at the beginning of the spring semester. If you have general office and customer service skills then this might be the right fit for you!

Having knowledge of Excel and Photoshop is a plus.

We are looking for a self-reliant and hard-working individual. Interested applicants can work up to 15 hours per week during the long semesters and up to 40 hours in the summer months. You must be able to work in 2 hour blocks of time (more is ok!). Other Requirements include: Must be at least a Sophomore with a 3.0 GPA

If you are interested, please apply through: <https://jobsforaggies.tamu.edu/>
Posting # 34546

Scholarships

The common scholarship application for academic year 2019-2020 is currently open.

The Department of Agricultural Economics offers scholarships annually. Support is made possible by generous donations from former students and friends of the department.

2020-2021

**Opens – October 15, 2019
Deadline – February 1, 2020**

Please see the following link to apply for scholarship from TAMU, the College of Agriculture and Life Sciences and the Department of Agricultural Economics.

<http://scholarships.tamu.edu/> Click on Apply for Scholarships.

Remember you need to submit a new application each year to be considered for a possible scholarship for academic year 2020-2021.

2020 Summer Internships

Lone Star is excited to open up applications to our 2020 internship program! Running from June 1 - July 31 and based out of our Fort Worth headquarters, the program offers experience, connections, and compensation. Compensation ranges from \$12-\$14 per hour

A Lone Star Intern will be: - Enrolled at an accredited University at the time of the internship in at least a Bachelor's Degree program, studying Ag Business, Ag Econ, Finance, Accounting, Marketing or a degree that supports the department you are applying for. - A Junior, Senior or Graduate Student, with a minimum 2.75 GPA

Official job descriptions can be found at:

<https://lonestaragcredit.applicantpool.com/jobs/>

All questions can be directed to hannah.burrough@lonestaragcredit.com.

Please see attached flyer for information.

Univ. of Nebraska Summer 2020 Research Program

For Undergraduates

We are now accepting applications for the [University of Nebraska's 2020 Summer Research Program](#), and we'd like to encourage your students to apply.

Our 10-week, full-time residential summer research experience provides mentoring and research participation while allowing scholars to preview graduate school life at a Research1 university. All participants receive excellent benefits including competitive stipends, room and board, and travel to and from Lincoln, Nebraska.

Summer events include graduate school preparation workshops, social and networking activities, and more. Your students will join a supportive, engaging community of summer scholars who will live and work together. Last summer's cohort was comprised of over 100 students from across the country.

[GET ALL OF THE DETAILS »](#)

Summer 2020 research programs include:

- [Applications and Foundations of Unmanned Systems](#)
- [Beneficial Insects Protection Research and Extension Experiences](#)
- [Biomedical Engineering Devices](#)
- [Chemical Assembly](#)
- [Materials Research Science and Engineering Center \(MRSEC\)](#)
- [Molecular Biology and Biochemistry of Plant Immunity Against Biotic Stress](#)
- [National Nanotechnology Coordinated Infrastructure](#)
- [Redox Biology](#)
- [Social Network Analysis for Solving Minority Health Disparities](#)
- [Sustainability of Horizontal Civil Networks in Rural Environments](#)
- [Systems Biology of Plant and Microbiome](#)
- [Virology](#)

Our online application makes it easy for students to apply. The priority deadline is February 1 and all applications must be completed by March 1, 2020. Students historically underrepresented in graduate education and students from academic institutions where research programs are limited are especially encouraged to apply.

Spring Research Opportunities for Undergraduates

Aggieresearch@tamu.edu

The [Aggie Research Program](#) currently has over 150 open positions on team-based research projects from disciplines across the university available for the Spring semester. Undergraduates, regardless of classification, college, or G.P.A. are encouraged to view our [project list](#) and seek out research teams that are of interest to them, or [view the website](#) for more information about the program. Teams fill quickly, and new ones are created every day, so check back often for new opportunities that are right for you!
