### **Important Notes**

- Typically, students with more than 75 semester credit hours will not be allowed to change majors into the Department of Animal Science.
- Students who are seriously interested in ANSC and may not meet all requirements are encouraged to attend an informational meeting and inquire accordingly.
  - You are applying to a specific option. You may **not** change options after you are admitted.
  - Students are encouraged to complete an in-person (i.e., not web-based) section of ANSC 107.
